

Jenson EIS Fund

Please Note: Investment into the Jenson SEIS and EIS Fund 4 is on the terms set out in the Jenson SEIS and EIS Fund 4 Information Memorandum which is available on the Kuber Platform. You should ensure that you have read the Information Memorandum and if you have any questions about its content please consult your financial advisor. If you wish to invest in the Jenson SEIS and EIS Fund 4 you will do so by entering into the Investor's Agreement with Thompson Taraz and Jenson Funding Partners LLP which appears in section 12 of the Information Memorandum. By signing the Declaration in the Kuber Application form you will be indicating your acceptance of the terms of the Jenson Investor's Agreement and agreeing to be bound by them.

Investment Objective

The Fund targets exciting new innovative and disruptive technologies to be nurtured alongside existing investment opportunities that require follow on investment to fully exploit commercialisation of a proven business model, whilst remaining sector agnostic.

The Fund has a mandate to focus on long-term capital growth, enabling private investors to invest in a range of committed, ambitious entrepreneurs and their early stage growing companies. All companies will be small unquoted UK companies which have been trading for fewer than two years that qualify under the SEIS/EIS tax rules. The Fund is a generalist fund, thereby the sector focus is agnostic and the type of businesses and opportunities can be anything that is SEIS/EIS compliant (typically small

early stage companies in non-capital intensive sectors). The specific focus of the Fund is to target companies with: strong management, momentum in the business (i.e. not pure start-ups) and low risk for a start-up (e.g. have a low cash burn).

Specifically, the EIS Fund will concentrate on the best of Jenson's existing portfolio, but these will always be benchmarked relative to new external companies. Jenson's experience is that the EIS market is highly competitive in businesses that are typically generating £1m of revenue and are seeking additional funding, which has the effect of driving up prices. Jenson has internal access to an extensive and existing SEIS portfolio that enables follow on funding at a fair price.

Exit Strategy

Jenson and the Fund Manager will look to employ a variety of appropriate exit strategies on behalf of the Fund including trade sales to other companies in the same sector or industry as the Investee Company, listing on a stock exchange or by selling its share of the Investee Company to a larger private equity firm.

Fund Manager

Fund Provider

Jenson Funding Partners LLP

Since 2012, Jenson Funding Partners LLP (Jenson) has launched four SEIS and 2 EIS Funds. We are now on our 5th tranche. Jenson have invested in excess of £12 million in 82 entrepreneurial UK businesses which have typically launched their product or service and are typically close to or post revenue.

In addition they have supported 18 follow on funding rounds, all at premium to initial launch cost. Funds 1, 2 and 3 are all in positive NAV territory as at March 2017, the latest funding valuation point, and fund 4 is held at cost.

In conjunction with Jenson Solutions, Jenson Funding Partners provide a comprehensive support package for the investee companies, which include but not limited to, Sales & Marketing, Corporate Governance and Accounting, designed to nurture the investee company to flourish.

Jenson now has over 25 partners throughout the UK and provides services to help companies start-up, raise funding, grow organically and by acquisition; restructure if required; and ultimately prepare for exit.
