IMPORTANT INFORMATION

THIS NOTICE IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. IF YOU ARE IN ANY DOUBT ABOUT THE ACTION YOU SHOULD TAKE IN REGARD TO THE CONTENTS OF THIS INFORMATION MEMORANDUM AND APPENDICES YOU SHOULD CONTACT AN INDEPENDENT FINANCIAL ADVISER OR OTHER PROFESSIONAL ADVISER AUTHORISED UNDER THE FINANCIAL SERVICES AND MARKETS ACT 2000 (FSMA) WHO SPECIALISES IN ADVISING ON INVESTMENTS OF THIS TYPE. RELIANCE ON THIS INFORMATION MEMORANDUM FOR THE PURPOSE OF ENGAGING IN ANY INVESTMENT ACTIVITY MAY EXPOSE AN INDIVIDUAL TO A SIGNIFICANT RISK OF LOSING ALL OF THE PROPERTY OR OTHER ASSETS INVESTED. YOUR ATTENTION IS DRAWN TO PART SIX HEADED "RISK FACTORS". NOTHING IN THIS DOCUMENT CONSTITUTES INVESTMENT, TAX, FINANCIAL, REGULATORY OR OTHER ADVICE BY SAPPHIRE CAPITAL PARTNERS LLP OR BY HIGH GROWTH ROBOTICS LIMITED. **BEFORE INVESTING IN THIS FUND YOU SHOULD SEEK ADVICE FROM YOUR OWN INDEPENDENT INVESTMENT AND/OR TAX ADVISER.**

This Information Memorandum constitutes a financial promotion pursuant to section 21 of FSMA. Its contents have been approved for the purposes of section 21 of FSMA by Sapphire Capital Partners LLP (the "Authorised Person"), which is authorised and regulated by the Financial Conduct Authority in the United Kingdom and whose registered office is at 28 Deramore Park, Malone, Belfast, BT9 5JU.

This Information Memorandum is issued solely for the purpose of seeking subscriptions from prospective Investors for investments in the Fund. This Information Memorandum is confidential and must not be copied, reproduced or distributed in whole or in part to any other person at any time without the prior written consent of the Authorised Person.

The communication of this Information Memorandum and the contents thereof is made to and directed at persons reasonably believed to be such persons as are referred to below and must not be passed on, directly or indirectly, to any other person in the United Kingdom:

- (a) professional clients or eligible counterparties as defined in the Conduct of Business Sourcebook ("COBS") forming part of the FCA's Handbook of Rules and Guidance;
- (b) retail clients who confirm in writing that they will receive advice on the investments referred to in this Information Memorandum from a financial adviser authorised and regulated by the FCA;
- (c) to the extent that the recipient is a retail client who does not fall within category (b) above, only clients falling within the following categories subject to the condition referred to below (the "Condition"):
 - (i) certified high net worth investors in terms of COBS 4.7.9R;
 - (ii) certified sophisticated investors in terms of COBS 4.7.9R;
 - (iii) self-certified sophisticated investors in terms of COBS 4.7.9R;
 - (iv) certified restricted investors in terms of COBS 4.7.10R; and
- (d) any person to whom the communication may otherwise lawfully be made.

Further details relating to COBS Rules 4.7.9R and 4.7.10R are specified in Appendix 2 to this Information Memorandum.

The Condition referred to above is that either:

- a) the person who will arrange or deal in relation to the investments which are the subject of this Information Memorandum will comply with the FCA's rules on appropriateness set out in COBS 10, or equivalent requirements, for any application or order made in response to this Information Memorandum; or

- b) the recipient has confirmed that they are a retail client of a firm authorised in terms of FSMA that will comply with the FCA's rules on suitability set out in COBS 9 in relation to an investment in the Fund as set out in this Information Memorandum.

The transmission of this Information Memorandum or the contents thereof to any other person is prohibited and persons not falling within the description set out above should not act or otherwise rely upon it.

Reliance on this promotion for the purpose of engaging in investment activity may expose an individual to a significant risk of losing all of the property invested.

The tax treatment referred to in this document depends on the individual circumstances of each Investor and may be subject to change in the future. In addition, the availability of any tax reliefs depends on the Investee Companies maintaining their qualifying Seed Enterprise Investment Scheme and/or Enterprise Investment Scheme status which may affect the ability of the Fund to meet its objectives and/or reduce the level of returns which would otherwise have been achievable. Past performance is not a guide to future performance and may not be repeated. **The value of an Investment may go down as well as up and an Investor may not get back the full amount invested and may therefore lose some or all of their Investment.**

An investment in the Fund carries substantial risk. Any investment in the Fund should be regarded as being medium to long term in nature. There can be no assurance that the Fund's investment objective will be met and results may vary substantially over time. Investors' money subscribed to the Fund will be committed to Investments, which may be of a long term and illiquid nature. The companies in which the Fund invests will not be quoted on any regulated market and, accordingly, there will not be an established or ready market for any such shares. It may be difficult to obtain information regarding how much an Investment is worth or how risky it is at any given time and the Investment Manager may experience difficulty in realising the Investments (for value or at all).

An investment in the Fund may only be made on the basis of this Information Memorandum and the Investment Management Agreement. Neither Sapphire Capital Partners LLP nor High Growth Robotics Limited or any of their respective directors, officers, employees, advisers and agents accept any liability for any direct, indirect or consequential loss or damage suffered by any person as a result of relying on any information or opinions contained herein or in any other communication in connection with an investment in the Fund, except where such liability arises under FSMA, regulations made under FSMA, the FCA Rules or any applicable law and may not be excluded.

All information and illustrations in this Information Memorandum are stated as at the date of its issue. All statements of opinion or belief contained in this Information Memorandum and all views expressed and statements made represent the Authorised Person's own assessment and interpretation of information available to them as at the date of this Information Memorandum. No representation is made or assurance given as to the accuracy, completeness, achievability or reasonableness of any views, statements, illustrations or forecasts or that the objectives of the Fund will be achieved. Prospective Investors are strongly advised to conduct their own due diligence including, without limitation, the legal and tax consequences to them of investing in the Fund and must determine for themselves what reliance (if any) they should place on such statements, views or forecasts. Prospective Investors' attention is drawn to the section entitled Risk Factors.

The Authorised Person believes that the factual content set-out in this Information Memorandum is accurate and that statements of opinion herein are reasonably held. This Information Memorandum was prepared by High Growth Robotics Limited and approved by the Authorised Person. Subject to the Authorised Person's overriding duty under the FCA Rules to ensure that the content of this Information Memorandum is presented in a manner which is fair, clear and not misleading with respect to the persons to whom the Fund is promoted by it, the Authorised Person accepts no responsibility to any recipient of this Information Memorandum for inaccuracies in factual representation or for any consequences to such persons of placing reliance upon statements of the Authorised Person's opinion except to the extent required by law. Additionally, some material included in this Information Memorandum is derived from public or third party sources, and each of the Authorised Person, High Growth Robotics Limited and the Investment Manager disclaims all liability for any errors or misrepresentations which any such inclusions may contain and do not take responsibility for the content contained therein. This Information Memorandum contains certain information that constitutes "forward-looking statements" which can be recognised by use of terminology such as "may", "will", "should",

“anticipate”, “estimate”, “intend”, “continue”, or “believe” or their respective negatives or other comparable terminology. Forward-looking statements are provided for illustrative purposes only. Due to various risks and uncertainties, actual events, results or performance may differ materially from those reflected or contemplated in such forward-looking statements.

No person has been authorised to give any information, or to make any representation concerning the Fund other than the information set out in this Information Memorandum, and if given or made, such information or representation must not be relied on. This Information Memorandum is only intended for release in the United Kingdom and does not constitute an offer, or the solicitation of an offer, to buy or sell any security or share. It does not constitute a public offering in the United Kingdom. In addition, this Information Memorandum does not constitute an offer or solicitation in any jurisdiction in which such offer or solicitation is unlawful or unauthorised or in which the person making such offer is not qualified to do so or to any person to whom it is unlawful to make such an offer or solicitation. It is the responsibility of any person outside the United Kingdom wishing to make an application to invest in the Fund to satisfy himself as to full observance of the laws of any relevant territory in connection therewith.

Prospective Investors should be aware that the arrangements described in this Information Memorandum represent a discretionary Fund management service subject to the terms of the Investment Management Agreement set out in Appendix 1. Investors appoint the Investment Manager to act as their common discretionary investment manager to invest their subscription monies on a discretionary basis into a Fund to be invested in SEIS and/or EIS Qualifying Companies. The Fund will act as a group of individual bare trusts held separately in the name of the Nominee with each Investor being the sole beneficiary of each individual bare trust under a nominee arrangement. The Fund is not treated as an unregulated collective investment scheme (as defined in section 235 of FSMA). The Fund is an AIF. The Authorised Person reserves the right to update this Information Memorandum from time to time. By submitting an Application Form, you agree to be bound by the terms and conditions.

Taxation Disclaimers

This Information contained in this Information Memorandum makes reference to the current laws concerning the Seed Enterprise Investment Scheme (“SEIS”) and the Enterprise Investment Scheme (“EIS”) Income Tax Relief and Share Loss Relief (together, the SEIS and EIS Reliefs), CGT Reinvestment Relief and the CGT Exemption (together, the CGT Reliefs), and IHT Relief. These levels and bases of relief may be subject to change. The tax reliefs referred to in this Information Memorandum are those currently available and their value depends on individual circumstances.

It is the intention that the Fund will invest in companies which are Qualifying Companies for the purposes of the SEIS regime and/or EIS regime. Following each qualifying Investment which the Fund makes, it is envisaged that the appropriate SEIS and/or EIS Compliance Certificates will be issued to Investors which will enable them to claim SEIS and/or EIS Reliefs in respect of that Qualifying Investment. There is no guarantee that SEIS and/or EIS Reliefs, CGT Reliefs or IHT Relief will be available on any Investment made by the Fund or that if it is initially available it will not be subsequently withdrawn. Any references to tax laws or rates in this Information Memorandum are based on current legislation and are provided as a guide only. Prospective Investors are advised to take their own taxation advice and should consult their own professional advisers on the implications of investing in the Fund.

The Investment Manager intends to make Investments that meet the criteria for qualification and intends to ensure that the Qualifying Companies obtain provisional advance assurances from HMRC that the proposed Investee Companies will meet the qualification criteria.

Please note that any non-English speakers should ensure they obtain and read a translated copy of this Information Memorandum, the Investment Management Agreement, the Custody Agreement, the Key Information Document and the Application Form before deciding whether to invest.

请注意，非英语使用者在决定投资之前请阅读包含信息备忘录，投资管理协议，托管协议等主要信息文件和申请表的翻译副本。

This Information and illustrations in this Information Memorandum are dated as at August 2018.

INTRODUCTION LETTER FROM DOMINIC KEEN (Founder of High Growth Robotics Limited)

August 2018

Dear Investor,

I am pleased to announce the launch of the British Robotics Sidecar Fund ('the Fund'). The focus of the Fund is to deliver returns to investors by making targeted investments in promising UK based robotics businesses.

Automation and robotisation continue to drive significant productivity improvements across the global economy and the Fund offers investors an opportunity to participate in a mixed basket of some of the most innovative and disruptive businesses that are exploiting the new generation of robotic technologies¹. As presented in this Investment Memorandum, I believe there are currently no other specialist investment vehicles that exclusively invest in early stage robotics companies with compelling business ideas. Such businesses often require financial backing and strategic support. The United Kingdom is home to some of the finest robot-engineering talent and the Fund looks, via partnerships with robotics laboratories and incubators, to help convert this inherent potential into successful world-class companies.

The Fund will seek to identify attractive investment opportunities that demonstrate four important attributes: (1) passionate, credible entrepreneurial management teams; (2) credible business concepts and strategy; (3) a reasonable level of business risk; and (4) attractive potential for lucrative exits. Once the Fund has invested, each Investee Company will be mentored by High Growth Robotics Limited who will provide the Investee Company with an experienced, proven entrepreneur with a track-record of creating valuable high-tech businesses.

High Growth Robotics Limited, which will assist in the investment screening for the Fund (as well as providing the mentors for Investee Companies), will analyse many robotics opportunities and will put forward the very best ones as potential investment candidates. All the Fund's investments must be approved by the Fund Manager in addition to the scrutiny applied by High Growth Robotics Limited. For many investors, the amount of work and specialist knowledge required to achieve this level of assessment is typically not practical and this highlights the benefits of investing through a fund structure. Investing in early-stage companies does represent a higher risk than later-stage investing but it can potentially deliver strong financial returns particularly when the extremely attractive tax advantages of SEIS and EIS schemes (which are summarised in this Information Memorandum) are taken into consideration. The Fund aims to combine its input to the operations of the investee companies with its exit-focused approach and its policy of balancing risk by investing in a diverse portfolio of companies and sectors. For investors, the level

¹ The Fund's definition of robotics investment opportunities is broad, including most types of software-driven technologies that, in many cases, incorporate some element of physical-world manipulation or sensing. The end-products may be application-focused, components or indeed services and typically they will deliver a cost-saving or performance-advantage for their users versus current approaches. For clarity, a selection of example robotic businesses are described in this Information Memorandum. It is noted that the examples described do not represent actual investment opportunities for the Fund and should not be regarded as an indication of the performance of the future investments of the Fund.

of risk associated with businesses at an early stage is reduced by the significant tax efficiencies available through the SEIS and EIS schemes.

Early-stage investing is a hands-on process and High Growth Robotics Limited will be actively involved in driving financial success for the companies in the Fund's portfolio. Investors will therefore benefit not only from the selection of potentially some of the most attractive robotics companies in the UK and the compelling tax benefits available, but also the expertise and experience of High Growth Robotics Limited and its approach to supporting the Fund's portfolio companies in co-operation with Sapphire Capital Partners LLP, the Fund Manager. Where possible, it is anticipated that core investments that the Fund itself makes in robotics companies may be augmented with crowdfunding and matched-funding so that the financial resources available to each business are maximised to give the best chance of long-term success.

The Fund will look to mirror the investment profile of the British Robotics Seed Fund 2 (which has now closed to investors) as much as is possible. However, there may be circumstances where the actual portfolio composition is somewhat different, whilst still complying with the general investment objectives set out above.

I believe that the Fund represents an opportunity to enhance your portfolio by investing in one of today's most exciting investment themes, wrapped in a highly tax-efficient format. Please find further details about the Fund in this Information Memorandum and I will be delighted to arrange a meeting to discuss any questions that you might have about the exciting world of robotics.

Yours sincerely,

Dominic Keen

Founder of High Growth Robotics Limited

DEFINITIONS

The following definitions apply throughout this Information Memorandum unless the context otherwise requires:

TERM	DEFINITION
AIF	An alternative investment fund.
AIFM	An alternative investment fund manager.
AIFMD	The Alternative Investment Fund Managers Directive (2011/61/EU).
Applicable Laws	Relevant UK laws and regulations, including the FCA Rules.
Application Form	An application form to invest in the Fund completed by the prospective Investor in the form which is provided separately to this Information Memorandum.
Associate	Any person or entity that controls or is controlled by the Investment Manager. "Control" refers to the ability to exercise significant influence over the operating or financial policies of any person or entity.
Business Property Relief or IHT Relief	Relief from IHT pursuant to sections 103-114 of the IHTA.
CGT	Capital Gains Tax.
CGT Exemption	Exemption from CGT on realised capital gains on a disposal of shares in a Qualifying Company.
CGT Exemption Relief	Relief by way of exemption of 50% of the gain of the original asset disposed (see Schedule 5BB of Taxation of Chargeable Gains Act 1992).
CGT Reinvestment Relief	EIS Relief by way of deferral of CGT claimed through reinvestment of a capital gain in Qualifying Shares in a Qualifying Company (Schedule 5B of Taxation of Chargeable Gains Act 1992). For SEIS, the gain is not deferred but there is an exemption of 50% of the gain of the original asset disposed (Schedule 5BB of Taxation of Chargeable Gains Act 1992).
CGT Reliefs	The CGT Exemption and CGT Reinvestment Reliefs.
Closing Date	A date determined by the Investment Manager as the last date upon which the Investor may make a Subscription in the Fund, which at the date of this Information Memorandum is 31 December 2018. This date is subject to change at the Investment Manager's absolute discretion. It is noted that the Investment Manager may undertake a number of initial closes of the Fund in tranches of £100,000 (or such other amount as the Investment Manager may agree) in order to commence investment into the Investee Companies.
COBS	The Conduct of Business Sourcebook forming part of the FCA's Handbook of Rules and Guidance.

Company Mentor	High Growth Robotics Limited. A company registered in Cardiff under company number 11075664 with its registered office at The Ross Building, Adastral Park, Martlesham, Ipswich IP5 3RE. The sole director of High Growth Robotics Limited is Dominic John Keen.
Custodian	Woodside Corporate Services Limited registered in England and Wales under company number 6171085 with its registered office at 4 th Floor, 50 Mark Lane, London EC3R 7QR and authorised and regulated by the FCA with firm reference number 467652 and/or such other person or persons as may be appointed as custodian or as a sub-custodian for the Investor's Fund from time to time.
EIS	The Enterprise Investment Scheme set out in ITA Sections 156-257.
EIS Compliance Certificate	Compliance Certificates (forms EIS3) to be issued by an Investee Company following receipt of authority from HMRC for the Investee Company to issue them to Investors in order for Investors to claim EIS Reliefs.
EIS Income Tax Relief	Reliefs from income tax available under the EIS.
EIS Reliefs	EIS Income Tax Relief and Share Loss Relief.
EIS Three Year Period	The period beginning on the date that the Qualifying Shares are issued and ending three years after that date or, if later, the date that the Investee Company commences trading (trading or qualifying R&D activity must commence within two years of share issue).
Eligible Counterparty	Means an eligible counterparty for the purposes of the FCA Rules.
FCA	Financial Conduct Authority of 12 Endeavour Street, London E20 1JN or successor organisation(s).
FCA Rules	The FCA rules made under powers given to the FCA by the Financial Services and Markets Act 2000.
FSMA	Financial Services and Markets Act 2000 as amended.
Fund or British Robotics Sidecar Fund	The British Robotics Sidecar Fund, an alternative investment fund for the purposes of the AIFMD, managed by the Investment Manager. The Fund is not a legal entity and is a group of individual bare trusts to enable subscription monies to be held on behalf of investors under a nominee arrangement; each investor will be the sole beneficiary of each bare trust, to be known collectively as the Fund or the British Robotics Sidecar Fund. The Nominee is the registered legal holder of investments on behalf of each investor.
High Growth Robotics Limited	A company registered in Cardiff under company number 11075664 ² with its registered office at The Ross Building, Adastral Park, Martlesham, Ipswich IP5 3RE. The sole director of High Growth Robotics Limited is Dominic John Keen.

² See website: <https://beta.companieshouse.gov.uk/company/11075664> Web. Accessed 07 July 2018

HMRC	HM Revenue & Customs.
IFA	An Independent Financial Adviser or other appropriately qualified professional, regulated by the FCA for the conduct of business.
IHT	Inheritance Tax.
IHTA	Inheritance Tax Act 1984.
Income Tax Act or ITA	The Income Tax Act 2007.
Information Memorandum	This information memorandum issued in relation to the Fund.
Intermediary	A person who promotes and markets the Fund to his/her clients and arranges the investment for the Investor.
Investee Company	A Company in which the Fund invests.
Investment or Investments	An investment in one or more Investee Companies.
Investment Management Agreement or Agreement	The agreement to be entered into by each Investor and the Investment Manager the terms of which are set out in Appendix 1 of this Information Memorandum.
Investor	A person who enters into an Investment Management Agreement and invests through the Fund.
Investment Manager	Sapphire Capital Partners LLP a limited liability partnership which is authorised and regulated by the Financial Conduct Authority under firm reference number 565716 with the partnership registration number NC000562 and having its registered office at 28 Deramore Park, Malone, Belfast BT9 5JU, United Kingdom.
Maximum Fund Size	Aggregate subscriptions of £2,000,000 unless increased or decreased at the absolute discretion of the Investment Manager.
Minimum Fund Size	Aggregate subscriptions of £200,000 unless increased or decreased at the absolute discretion of the Investment Manager.
Mentoring Services	Services provided or procured by High Growth Robotics Limited to Investee Companies including research, performing due diligence on potential investee companies, legal, taxation, marketing, accounting, public relations, information technology and other areas in which start-up companies may need expert advice.
MiFID Directive	Means the Markets in Financial Instruments Directive (2004/39/EC).
Minimum Subscription	The minimum Investment per Investor of £10,000 or other amount agreed by the Investment Manager.
Nominee	WCS Nominees Limited or such other nominee or agent as the Investment Manager or Custodian may appoint from time to time to be the registered legal holder of Investments on behalf of Investors.

Offer	The offer for Subscriptions in respect of the Fund as set out in this Information Memorandum.
Professional Client	Means a professional client for the purposes of the FCA Rules.
Qualifying Company	A company that meets the requirements for SEIS Reliefs and /or EIS Reliefs and an EIS Qualifying Company and a SEIS Qualifying Company shall be construed accordingly.
Qualifying Investment	An Investment by a Qualifying Investor in a Qualifying Company, which satisfies all the conditions for SEIS and/or EIS Reliefs.
Qualifying Investors	UK taxpayers eligible to claim SEIS and/or EIS Reliefs.
Qualifying Shares	Newly issued shares in the Investee Company, subscribed for by the Fund on behalf of Investors that qualify for SEIS and/or EIS Reliefs.
Relevant Shares	Shares in which the Fund has invested if and for so long as neither a claim for SEIS and/or EIS tax relief has been disallowed nor an assessment has been made withdrawing or refusing relief by reason of the company in which the shares are held ceasing to be a Qualifying Company.
Retail Client	Means a retail client for the purposes of the FCA Rules.
SEIS	The Seed Enterprise Investment Scheme.
SEIS Compliance Certificate	Compliance Certificates (forms SEIS3) to be issued by an Investee Company following receipt of authority from HMRC for the Investee Company to issue them to Investors in order for Investors to claim SEIS Reliefs.
SEIS Income Tax Relief	Reliefs from income tax available under the SEIS.
SEIS Reliefs	SEIS Income Tax Relief and Share Loss Relief.
SEIS Three Year Period	The period beginning on the date that the Qualifying Shares are issued (see S257AC ITA 2007).
Share Loss Relief	Relief in respect of income tax for allowable losses.
Subscription	A subscription in the Fund pursuant to the Application Form.

OFFER STATISTICS AND TIMETABLE

Subject as set out under "Closing Date" the Fund will close on the 31 December 2018 (unless extended by the Investment Manager) and the Investment Manager anticipates that Subscriptions will be substantially invested within 12 months of the final close of the Fund. The Investment Manager may, in its absolute discretion, undertake a number of closes in respect of the Fund prior to, and on, the final Closing Date in tranches of £100,000 (or such other amount as the Investment Manager may agree) in order to commence investment into the Investee Companies. In the event that the Investment Manager undertakes multiple closes of the Fund, Investors may not hold shares in all of the Investee Companies in which the Fund invests.

Minimum Investor Subscription	£10,000
Investment Term	Investments to be held for minimum of three years (to benefit from tax reliefs).
Minimum Fund Size	£200,000
Maximum Fund Size	£2,000,000
Closing Date	31 December 2018
Duration	The expected life and recommended holding period of the Fund is six years.
Investment Period	At least three-quarters of the Fund will be invested in the 2018/2019 tax year for SEIS and EIS ³ , with any remainder being invested in the following tax year.
Investment Objective	To invest in and provide support for UK based robotic start-ups, mirroring where possible the British Robotics Seed Fund 2.
Investment Policy	At least 75% of the Fund will be invested in SEIS Qualifying Companies.

How to Apply

If you wish to invest in the Fund, you should complete, sign and return the Application Form located in the separate document to this Information Memorandum, in accordance with the instructions on the Application Form.

You cannot make a joint application using this form, but other persons (such as your spouse) may apply separately. Please ensure that you satisfy the money laundering requirements (as explained in the Application Form) and enclose the relevant documentation with your application.

³ Please note that SEIS and/or EIS income tax relief for investments made after 05 April 2018 can be claimed in the 2018/2019 tax year, or can be carried back to the 2017/2018 tax year.

Please transfer your funds to the Custodian's client account, the details of which can be found in the Application Form or make your cheque payable to "WCSL British Robotics Sidecar Client Acc" and send it together with your Application Form to:

Woodside Corporate Services Limited
4th Floor
50 Mark Lane
London, EC3R 7QR.

You have 14 days from the date upon which the Application Form is received by the Custodian in which to cancel your investment through the Fund. You may exercise this right of cancellation in writing and without fee or penalty. The Custodian shall return any Subscription(s) to an Investor who exercises this right of cancellation promptly and, in any event, within 30 days of the date the written notice of cancellation is received by the Custodian or the completion of its anti-money laundering obligations whichever is the later.

The Investment Manager may at its absolute discretion increase or decrease the Minimum Fund Size and the Maximum Fund Size and may undertake a number of initial closes of the Fund in tranches of £100,000 (or such other amount as the Investment Manager may agree) in order to commence investment into the Investee Companies.

The Closing Date will be 31 December 2018, but may be extended or brought forward at the absolute discretion of the Investment Manager.

KEY FEATURES OF THE INVESTMENT

The British Robotics Sidecar Fund (the “Fund”) investment objective is to invest in and provide support for UK based robotic start-ups.

Capable, self-operating machines are increasingly becoming available to help people reduce time spent completing tedious, repetitive tasks. The promise of robotisation within many areas of life suggests that robots may result in a new industrial revolution that potentially will spur on the global economy over future years. Consequently, robotics potentially represents one of today's most exciting investment themes.

Over the next five years, the robotics market is forecasted to record compound annual growth rates in excess of 45% with the global market to exceed \$200 billion by 2021⁴.

Whilst the UK is home to some of the best robotics talent in the world, it still can be hard for investors to get exposure to this attractive investment area because much of the current development activity has been happening within universities or large corporations. However, as the cost of hardware falls and the pool of national expertise grows, we are starting to see the emergence of a vibrant robotic start-up scene in the UK.

The British Robotics Sidecar Fund offers investors the opportunity of investing in potentially fast-growing robotics companies in the UK whilst significantly reducing the inherent risks involved in funding early-stage businesses. It does this by both: focusing investment solely on robotics businesses where investors are eligible to take advantage of the SEIS or EIS schemes; and also by spreading the investments made across a range of companies and sectors so that investors can benefit from a portfolio approach.

The Fund Approach

Candidate companies for investment by the British Seed Robotics Fund will be selected by High Growth Robotics Limited with Dominic Keen acting as lead mentor for the founders of those businesses that receive investment. Dominic already actively mentors the companies that the British Robotics Seed Fund and the British Robotics Seed Fund 2 made investments into.

Dominic Keen is a successful British technology entrepreneur. Having previously floated on the London Stock Exchange mPorium Group plc⁵, the software business that he co-founded, he now helps promising ventures to maximise their growth potential. In particular, Dominic looks to apply the lessons learned from his experiences gained in taking the business that he started in his garage through to becoming a public company⁶, to other exciting early-stage companies. He is active in the field of robotics and spends much of his time publicising the achievements of British start-ups in this area. Dominic holds a Masters Degree in Engineering from Cambridge University and is a Director of the New Anglia Local Enterprise Partnership⁷.

⁴ Tractica Robotics Market Forecast 2016.

⁵ See ticker “MPM”.

⁶ On 07 July 2018, mPorium Group plc had a market capitalisation of £41.15 million as per the London Stock Exchange website.

⁷ See profile on New Anglia website: <https://newanglia.co.uk/our-board/> Web. Accessed 07 July 2018.

Dominic will be supported by an administrative team and an advisory panel of industry experts that will meet from time-to-time to help identify emerging trends to inform investment considerations in order to assist the Investment Manager.

The Fund will focus on market-ready concepts that can start generating revenues within twelve months of the investment and will look to invest in the same companies as the British Robotics Seed Fund 2, whenever possible. Where possible, the Fund will look for the money invested by the Fund to be matched by a Local Enterprise Partnership or corporate investor so the Investee Company might have up to £300,000 of seed capital available for early-stage go-to-market activities. Investee robotics companies may often be sourced via informal partnerships with the pre-eminent robotics groups at British universities, some of which are listed below. The Investee Companies may either be direct spinouts of the academic robotics groups or formed by people from those groups' past members.

Belfast Virtual Reality & Robotics	Liverpool Centre for Autonomous Systems
Birmingham AI & Intelligent Robotics Group	Manchester Robotics & Autonomous Systems
Bristol Robotics Laboratory	Middlesex Robotics & Haptics Laboratory
Cambridge Computer Vision & Robotics	Oxford Robotics Research
Edinburgh Robotics	Sheffield Robotics
Essex Robotics	Southampton Maritime Robotics Laboratory
Imperial College Dyson Robotics Laboratory	South Wales Cognitive Robotics

Different Business Sectors for Investment

Robotics is a general-purpose category which can be applied to a wide variety of activities across a broad range of business sectors. The Fund will seek to invest in a portfolio of Investee Companies. Wherever possible, each Investee Company will be a separate legal entity.

Having the Investee Companies span a range of business sectors, compared to investment in one sector alone has the advantage of potentially reducing the risk of overdependence on any one sector. The following sectors are likely but not exclusively to be of interest to the Fund: logistics and warehousing; agricultural robotics; construction robots & civil engineering; low-volume manufacturing; domestic; facilities management and security; and specialist medical equipment.

Mentoring Services

The Company Mentor team will work closely with all the Investee Companies to help them deploy the invested capital wisely and develop their business in such a way that maximises value for all their shareholders. Given that, in many cases, the start-up teams will be stronger on technical than commercial matters, the Company Mentor has developed a six-pronged support package that looks to add extra value to the businesses beyond the funding itself, as described below:

1. FINANCIAL DISCIPLINE: The Company Mentor team will seek to hold planning and review meetings with every Investee Company on, at least, a monthly basis to build realistic business forecasts and establish appropriate controls around spending on technology development and business development activities. The Investee Companies will be supported to build processes that ensure good compliance

with their various corporate obligations so that a solid platform for future growth is established early in their corporate lives.

2. EFFICIENT OPERATIONAL MODEL: Modern start-ups can create much more efficient operational models than was ever previously possible. The Company Mentor team will work with Investee Companies to ensure that the start-up team is focused on its core areas of advantage and consideration will be given to non-core activities being provided by low-cost third-party service providers, taking advantage of offshoring and crowdsourcing.

3. COMMERCIAL MANAGEMENT AND GO-TO-MARKET: The Company Mentor team will actively assist each Investee Company in putting in place a sound go-to-market strategy and will help to negotiate commercial contracts with customers that are as advantageous as possible. Where possible, the Company Mentor will be active in prospecting for new business leads on behalf of the Investee Companies, both nationally and internationally (for example, via links into China) and coaching the founder teams in business development skills.

4. ACCESS TO NETWORKS: The Company Mentor has established access to a variety of formal and informal networks that may open opportunities for Investee Companies in terms of access to information, technology, talented staff or possible customers.

5. FREE OFFICE SPACE AND ACCESS TO WORKSHOPS: A relationship has been established with Innovation Martlesham, a technology incubator in the East of England, which will allow Investee Companies access to free office space in Adastral Park, BT's Global Research Headquarters and access to well-resourced workshops. Whilst it is not expected that all the Investee Company founder teams will permanently relocate this may be an attractive option for some.

6. SHOWCASING AND PR: It is expected that each robot developed by an Investee Company will be presented in a virtual showcase where high-quality video demonstrations of all the robots are available to the public. Additionally, the Company Mentor team will be active in helping to create publicity opportunities via press exposure whenever appropriate.

Attractive tax incentives

Qualifying Investors who qualify for SEIS may benefit from:

- **50% income tax relief on amount subscribed** (up to a maximum annual investment of £100,000 for the 2018/2019 tax year. Option to carry back to previous tax year providing the £100,000 limit for that year has not been exceeded);
- **100% inheritance tax relief after two years** (provided the investment is held at the time of death);
- **50% Capital Gains Tax exemption for chargeable gains reinvested** (up to the maximum subscribed);
- **100% tax free growth** (provided income tax relief has been given and not withdrawn and disposal takes place after the end of the SEIS Three Year Period);
- **Loss relief** (a loss on shares disposed of can be set against an Investor's income or capital gain to reduce tax); and
- **Business Investment Relief** (no taxable remittance for foreign income or gains brought into the UK from offshore for qualifying investments for certain UK resident non-domiciled investors).

Qualifying Investors who qualify for EIS may benefit from:

- **30% EIS income tax relief on amount subscribed** (up to a maximum investment of £1 million for the 2018/2019 tax year. Option to carry back to previous tax year providing the £1 million limit for that year has not been exceeded. As announced in the Autumn Budget 2017, the maximum annual investment limit has increased to £2 million for 2018/2019 provided that any amount over £1 million is invested in one or more 'knowledge-intensive' companies);
- **100% inheritance tax relief after two years** (provided the investment is held at the time of death);
- **EIS Capital Gains Tax deferral for the life of the investment on amount subscribed;**
- **100% tax free growth** (provided income tax relief has been given and not withdrawn and disposal takes place after the end of the EIS Three Year Period);
- **Loss relief** (a loss on shares disposed of can be set against an Investor's income or capital gain to reduce tax); and
- **Business Investment Relief** (no taxable remittance for foreign income or gains brought into the UK from offshore for qualifying investments for certain UK resident non-domiciled investors).

It is noted that investments will be made after 05 April 2018. SEIS and/or EIS income tax relief for those investments can be claimed in the 2018/2019 tax year, or can be carried back to the 2017/2018 tax year providing the £100,000 limit (for SEIS) and £1 million limit (for EIS) for that year has not been exceeded.

Who is the Fund Suitable for?

The British Robotics Sidecar Fund may be suitable for UK taxpaying investors looking for a medium to long-term investment whose personal circumstances allow them to take advantage of the SEIS and /or EIS reliefs.

Risks

The attention of Investors is drawn to the information set out in Risk Factors section of this document which sets out the principal risk factors associated with an investment in the Fund. The tax treatment referred to in this document depends on the individual circumstances of each Investor and may be subject to change in future. In addition, the availability of any tax reliefs depends on the Investee Companies maintaining their qualifying status.

PART ONE: INVESTMENT OPPORTUNITY

The focus of the Fund is to deliver returns to Investors by making targeted investments in promising UK based robotics businesses, mirroring where possible the British Robotics Seed Fund 2. The Fund seeks to invest between £25,000 and £150,000 in each Investee Company.

Selection Criteria

The Fund will typically invest in a robotics business with some of the following characteristics:

- It provides a solution to a problem that requires physical manipulation of real-world objects (as opposed to fully virtualised systems);
- The technology roadmap is likely to ultimately lead to autonomous system operations in time;
- "Frugal Robotics" - sales models (such as Robots-as-a-Service) which require minimal capital investment by the buyer are likely to be preferred;
- Where relevant, the business model should deliver at least a 200% performance-improvement versus existing solutions to the same problem;
- The business model should start to generate cash within twelve months of the initial investment and have a credible hypothesis on how it will create a return for investors; and
- Investee Companies will be chosen based on their potential exit consideration, based on a notional return of at least 300 pence for every 100 pence invested (not taking into account any tax reliefs) within three to six years.

Investment Restrictions

Before an Investment is made in any Investee Company, the Investee Company must obtain HMRC SEIS and/or EIS advance assurance.

Risk Mitigation Strategy

The tax relief within the SEIS and EIS legislation is substantial in reducing risk of loss but the following additional measures will be in place, which aim to further reduce the risk to Investors namely:

- (1) Mentoring of the Investee Company founder teams, as described above, to ensure robust financial management and well-informed decision-making;
- (2) Seeking to ensuring sector diversity across the Fund, as described above, to avoid over-dependence on one sector;
- (3) Seeking to establish SEIS/EIS-compliant investor protections in all investment agreements to minimise the risks of heavy subsequent levels of dilution if the Investee Companies ever seek to raise further capital;
- (4) An active approach to working towards a liquidity event following a three-year holding period either via a secondary share sale (to another fund), or trade sale, or IPO. It is noted that, for tax compliance, the Fund will never invest in companies where there is a pre-arranged exit at the time of the investment.

It is recommended that an investment in the Fund is made as part of a well-diversified portfolio. This means that you should only invest a relatively small portion of your investible capital in seed funds (such as the British Robotics Sidecar Fund) with the majority of your investible capital invested in safer, more liquid assets which have less risk.

Exit Strategy

The Fund will be managed by the Investment Manager. Each investment will be mentored by the Company Mentor to ensure optimum cross-fertilisation across all the Investee Companies.

The Fund Manager and the Company Mentor will actively work with each founding team to evaluate and orchestrate a variety of appropriate exit strategies on behalf of the Fund including trade sales to other companies in the same sector or industry as the Investee Company, listing on a stock exchange, or by selling its share of the Investee Company or a portfolio of its investments to a larger private equity firm or industrial interest.

The Fund will take a long-term view on the Investments and aims to only look at the possibility of exiting an Investment after it has been held for at least three years, thereby ensuring that the Investment has met the key qualifying conditions necessary for Investors to obtain the Tax Reliefs. However, there may be occasions where an earlier sale is a commercially sensible decision. It is anticipated that most exits from Investments will take place after they have been held for between five years to seven years though some could take significantly longer depending on market conditions and the nature of the Investee Companies.

Comparable Investee Companies

To give an indication of the types of businesses in which the Fund might look to invest, the below examples are of a selection of entrepreneurial robotics businesses that have been successful in raising external finance, or finding exits via sale or floatation. **It is noted that they are examples only and do not represent actual investment opportunities for the Fund and should not be regarded as an indication of the performance of future investments in the Fund.**

ZOA ROBOTICS – ZOA Robotics is pioneering the development of a low-cost robotics platform, allowing for the transportation of materials around uneven environments, using four-legged robots. Leveraging technical involvement from Imperial College, the company is one of the first investments made by the first British Robotics Seed Fund. ZOA robots will start to have initial deployments in industrial sites in the UK in 2018.

UNIVERSAL ROBOTS – Based in South Denmark⁸, Universal Robots represents one of the most successful start-up stories in robotics to-date. The company had three employees in 2008 when it received funding to develop low cost robotic arms that could be used collaboratively with humans for low-volume manufacturing. For the year ended 31 December 2015 the company has annual sales in excess of £49

⁸ Note that British Robotics Sidecar Fund will only invest in UK-domiciled companies. The case studies of ZOA Robotics, Universal Robots, Fastbrick Robotics and Tethered Drone Systems are provided for illustrative purposes only and should not be regarded as an indication of the performance of future investments by the Fund.

million⁹¹⁰. In 2015 it was acquired by US-based industrial giant, Teradyne, for \$285 million¹¹.

FASTBRICK ROBOTICS – As at 07 July 2018 this company was valued at over £94 million¹² on the Australian Stock Exchange following a listing in 2015, Fastbrick is the company behind the bricklaying robot, Hadrian, which can construct homes more rapidly than historical building methods. Since the first filing of patents by the company's founder in 2007, Fastbricks has commenced the construction of the robot and has started to put distribution partnerships in place, making it well placed to be a force in construction for the years ahead.

TETHERED DRONE SYSTEMS – Aerial surveillance by drones represents an opportunity in many areas such as security, disaster response, the military and agriculture¹³. However, the limited flight time of free-flying drones potentially makes their application in these domains quite limited. A long-flying tethered-drone system is desirable in a number of situations¹⁴. Based on technology spun-out of the University of Southampton, Tethered Drones Systems is a British Robotics Seed Fund portfolio company that is looking to apply its world-class technology to address these market opportunities.

It is noted that in regard to the four examples provided above (ZOA Robotics, Universal Robots, Fastbrick Robotics and Tethered Drone Systems) that past performance of these four companies, should not be regarded as an indication of the performance of future Investments made by the Investment Manager on behalf of Investors through the Fund.

⁹ Being sterling equivalent of 418 million Danish Krone as at 07 July 2018.

¹⁰ For comparative purposes, for the prior year ending 31 December 2014 the sales were 272 million Danish Krone, and for the year ending 31 December 2013 the sales were 160 million Danish Krone.

PART TWO: THE FUND TEAM

The Fund will be managed by the Investment Manager, which will engage High Growth Robotics Limited to provide research and mentoring services. The Investment Manager will use this research in its sourcing, negotiating and implementing investments.

High Growth Robotics Limited

High Growth Robotics Limited will act as the Company Mentor. High Growth Robotics Limited (the "Company Mentor") is not a FCA authorised firm and will not be providing any investment services or undertaking any regulated activities in connection with the Fund.

High Growth Robotics Limited is a business mentoring company that seeks to champion the achievements of robotics start-up across the UK. Its services include: consulting on growth strategies; publicity via presentations and articles; and a think-tank on the use of robotics in public policy.

Each Investee Company will be required to enter into a mentoring agreement with High Growth Robotics Limited.

Key features of the Mentoring Agreement

- Mentoring meetings will be held with the investee company monthly or more frequently as the situation requires;
- Investee Companies will undertake to share all financial and operational data with the Company Mentor at least five days in advance of each mentoring meeting;
- The Company Mentor will receive observation rights for Investee Company board meetings with an option to appoint a director in certain circumstances; and
- The Company Mentor will endeavour to promote the Investee Company and, specifically, will support financial planning, strategy, marketing and financing matters from time-to-time.

Via the Company Mentor, the British Robotics Sidecar Fund team members will work with the Investee Companies, looking to provide a comprehensive range of Mentoring Services to support the growth of the Investee Companies. It is noted that some of the personnel of High Growth Robotics Limited may also invest into the Fund as Investors.

Further details on High Growth Robotics Limited can be found on its website: www.britbots.com.

Lead Company Mentor

Dominic Keen: Dominic is a successful British technology entrepreneur. Having previously floated on the London Stock Exchange mPorium Group plc, the software business that he founded, he now helps promising ventures to maximise their growth potential. In particular, Dominic looks to apply the lessons learned from his experiences gained in taking the business that he started in his garage through to becoming a public company¹⁵, to other exciting early-stage companies. He is active in the field of robotics and spends much of his time publicising the achievements of British start-ups in this area. Dominic holds a Masters Degree in Engineering from Cambridge University.

¹⁵ On 07 July 2018, mPorium Group plc had a market capitalisation of £41.15 million as per the London Stock Exchange website. <https://www.londonstockexchange.com/exchange/prices-and-markets/stocks/summary/company-summary/GB00BGDW0L56GBGBXASQ1.html> Web. Accessed 07 July 2018.

Sapphire Capital Partners LLP

Sapphire Capital Partners LLP (“Sapphire”) is a multi-award-winning firm based in London and Belfast which specialises in SEIS and EIS funds. Sapphire currently manages over fifteen SEIS and EIS funds across a wide variety of sectors, bringing the partners' expertise in investment management, corporate finance, accounting and taxation to the funds in the most cost-effective way possible. The partnership, founded in 2009, is authorised by the FCA (FRN: 565716) to act as an investment manager.

Sapphire's services are delivered by a highly experienced team that provide quality services in a cost-efficient way. The individuals behind Sapphire have a considerable breadth of knowledge in the financial sector. The key individuals include:

Boyd Carson, the founding and managing partner, has nearly 30 years' experience in the accounting and corporate finance markets, having worked as a Director for PwC LLP's Mergers & Acquisitions group in New York. Boyd is a Fellow of the Institute of Chartered Accountants and was the 2015 winner of the EISA Rising Star award. Boyd is currently completing a Master's in Finance at Harvard University.

Vasiliki Carson, Sapphire's co-founder, has over 15 years' experience in accounting and corporate finance also with PwC LLP New York, as well as Goldman Sachs in New York and Tokyo. Vasiliki is also a qualified accountant and has completed the EISA Organisation's EIS Diploma, thus becoming a Diploma Affiliate.

Sapphire is a limited liability partnership under the laws of Northern Ireland with registered number NC000562 and having its registered office at 28 Deramore Park, Malone, Belfast BT9 5JU. Sapphire is registered on the Data Protection Public Register with registered number Z3330253.

Further details on Sapphire can be found on its website: www.sapphirecapitalpartners.co.uk

The Investment Manager will charge fees for their services as detailed in Part Four.

Recent Sapphire awards include:

Best SEIS Fund Manager – Winner

EISA Awards – House of Lords – February 2018

Best Individual – Innovation, newcomer or rising star in EIS and SEIS

Highly Commended – Boyd Carson – EISA Awards – House of Lords – February 2018

Best Company – Innovation, newcomer or rising star in EIS and SEIS

EISA Awards – House of Lords – February 2017

Best EIS/SEIS Tax Adviser – Highly Commended

EISA Awards – House of Lords – February 2017

Education Initiative of the Year – Highly Commended

Investment Week Awards 2017/2018 – London – December 2017

Best Generalist EIS – Highly Commended

Investment Week Awards 2016/2017 – London – December 2016

The Custodian

The Fund's Custodian is Woodside Corporate Services Limited, which is authorised and regulated to hold client assets by the Financial Conduct Authority with firm reference number 467652. WCS Nominees Limited will act as Nominee for the Investors and shares issued by the Investee Companies will be held in the name of the Nominee. The Custodian is registered on the Data Protection Public Register with registered number Z2944806.

PART THREE: ILLUSTRATIVE RETURNS

As the majority of the Fund will be invested in new SEIS-qualifying opportunities, with the remainder being used to provide scale-up funding to companies, under EIS. The below text and illustrative returns are for SEIS only. For further information on the tax reliefs available under the EIS scheme please refer to Part Seven of this Information Memorandum or the Enterprise Investment Scheme Association website: www.eisa.org.uk or the HMRC website.

The SEIS scheme was introduced by a prior Chancellor of the Exchequer, George Osborne, to encourage sophisticated investors to invest in certain types of start-up businesses including robotics by offering a range of attractive tax incentives. Four illustrative scenarios are presented below to demonstrate the potential tax advantages of the SEIS scheme. In each scenario, it is assumed that a Higher Rate taxpayer is investing £10,000 in the Fund and a summary of each scenario is provided underneath the table.

	Scenario 1	Scenario 2	Scenario 3	Scenario 4
Investment Amount	£10,000	£10,000	£10,000	£10,000
SEIS Income Tax relief at 50% ¹⁶	(£5,000)	(£5,000)	(£5,000)	(£5,000)
Capital Gains Tax exemption (for reinvestments) at 10% ¹⁷	(£1,000)	(£1,000)	n/a	n/a
Net cost to the Investor	£4,000	£4,000	£5,000	£5,000
Example Returns (for this illustration only)	£20,000	nil	£20,000	nil
Loss Relief at 40%	n/a	(£2,000)	n/a	(£2,000)
EXAMPLE NET GAIN/(LOSS) TO INVESTOR	£16,000	(£2,000)	£15,000	(£3,000)
Gain percentage on net cost	300%	n/a	200%	n/a
Percentage of initial capital recovered	100%	80%	100%	70%
<i>Other potential benefits:</i>				
Capital Gains Tax exemption at 10% (following introduction of new 'Investors Relief' where gains are now taxed at 10% CGT if shares in a trading company have been held for at least three years)	(£1,000)	n/a	(£1,000)	n/a
Inheritance Tax exemption at 40% ¹⁸	(£8,000)	n/a	(£8,000)	n/a

SEIS Scenarios 1 & 2:

¹⁶ Note that the Income Tax relief and the Capital Gain Tax exemption (for reinvestments) are receivable by the investor either at the end of the tax year that the investments are made into the Investee Companies or at the end of the previous year (if the investor elects to carry them back for Income Tax purposes).

¹⁷ As in footnote above.

¹⁸ 100% Inheritance Tax relief after two years (provided the investment is held at the time of death) with the benefit prior to any cash return being illustrated. IHT exemption is calculated as 40% of value of the shares, being £20,000.

Illustrative outcomes for an investor that has a significant amount of taxable capital gains owing in the same year as they subscribe for shares in a qualifying SEIS company. Scenario 1 shows that once the tax benefits have been factored in, this investor would make a 300% gain on the net cost of the original investment if the Fund's shares in Investee Companies are sold such that returns of £20,000 (i.e. double the amount originally invested) are passed back throughout the Fund's life. Furthermore, once realised, these returns will also be exempt from Capital Gains Tax, representing a further benefit of £1,000 for the investor. Scenario 2 shows that, should the Fund not be able to sell the shares of any of its robotics holdings, this investor would still be able to recover 80% of the money originally invested via tax reliefs.

SEIS Scenarios 3 & 4:

Illustrative outcomes for an investor that does not have any taxable capital gains in the same tax year. Scenario 3 shows that once the other tax benefits have been factored in, this investor would make a 200% gain on the net cost of the original investment if £20,000 is passed back. Scenario 4 shows that, should the Fund not be able to pass anything back, this investor would still be able to recover 70% of the original investment.

The above example returns are for illustrative purposes for SEIS only and no forecast (guaranteed or otherwise) is implied nor should one be inferred. The value of investments in the Fund may fall as well as rise. No warranty as to future outcome is implied nor should one be inferred. Investors' attention is drawn to the information set out at the front of this Information Memorandum and the specific Risk Factors referred to in this Information Memorandum.

For further information on the tax reliefs available under the SEIS and/or the EIS schemes please refer to Part Seven of this Information Memorandum or the Enterprise Investment Scheme Association website: www.eisa.org.uk or the HMRC website.

PART FOUR: CHARGES

In order to maximise the Investors' SEIS and/or EIS Reliefs, to the maximum extent possible, rather than fees being charged to Investors, each Investee Company will pay the Initial Costs and the Recurring Charges (as detailed below) out of the money used by the Fund to subscribe for Qualifying Shares in that Investee Company.

Initial Costs:

Each Investee Company will potentially pay a one-off initial fee of an amount no greater than 3.9% of the amounts invested into each Investee Company (inclusive of amounts received from the Fund, matched funding, grants and expected R&D tax credits) to reflect marketing costs owed to IFA networks and the work involved in selecting the investment candidates and organising the investments.

The Initial Costs payable by Investee Companies are also used to pay for the initial custodian services provided by the Custodian; and research and other services provided by the Mentor.

Recurring Charges:

An annual charge payable to the Investment Manager totalling £12,000 (unless otherwise agreed); and an annual charge payable to the Custodian by the Investee Companies totalling of up to 0.2% (unless otherwise agreed) will be divided up between all the Investee Companies.

It is noted that the Recurring Charges highlighted above, at the discretion of the Investment Manager and the Company Mentor and the Custodian, can be paid by the Investee Companies in the form of either cash or the equivalent equity amount. Additionally, the Initial Costs and Recurring Charges may be structured differently to those set out above but will not have a greater economic effect.

Performance Fee:

In order to align interests between the Company Mentor, the Investment Manager and Investors, no performance incentive is payable on any Investment until Investors receive cash proceeds equal to the total invested in the Investee Company. The performance fee will then be payable to the Investment Manager and the Company Mentor or related parties on any increase in value on an individual investment in an Investee Company. The performance fee will be charged at 25% on the amount of the increase over and above £1.00 (based on a £1.00 investment). It is noted that the 25% will be split 17.5% to High Growth Robotics Limited and 7.5% to Sapphire Capital Partners LLP.

This performance fee may be payable as a fee by the Investment Manager on behalf of the Investors out of cash proceeds in the Fund on behalf of Investors, or by way of proceeds from the sale of accrued conditional equity (such as warrants or options) in an Investee Company. Different investments may require different structures but will be to equivalent economic effect.

To the extent that the performance fee is not paid by the Investee Companies, Investors shall be liable for their share of such fee and the Custodian may be instructed by the Investment Manager to transfer cash in an Investor's Portfolio to the Investment Manager and the Company Mentor to satisfy any outstanding performance fee.

Other Costs:

Any reasonable arm's length expenses and/or transaction fees incurred by the Investment Manager in managing the Fund and/or by the Company Mentor in assisting the Investment Manager or Investee Companies shall be reimbursed by Investee Companies.

Typically the Mentor will spend at least circa twenty hours a month supporting each Investee Company. If fees are charged, they will be charged at an hourly rate no greater than £50 per hour.

Adviser Fees:

If an Investor requests that a payment is made to their financial adviser or intermediary for advice received, this will be deducted from the Investor's subscription monies, before their investment is made in the Investee Companies.

VAT:

The fees and charges described above are exclusive of VAT which will be added where applicable.

PART FIVE: GOVERNANCE AND REPORTING

Fund Structure

The Fund is an AIF conducted on a discretionary basis by the Investment Manager as a common discretionary investment manager with research and Mentoring Services provided by the Company Mentor. This service will be conducted subject to the terms of the Investment Management Agreement as per Appendix 1 of this Information Memorandum. The Fund is not a legal entity and is a group of individual bare trusts to enable subscription monies to be held on behalf of investors under a nominee arrangement; each investor will be the sole beneficiary of each bare trust, to be known collectively as the Fund. The Nominee is the registered legal holder of investments on behalf of each Investor.

By agreeing to invest in the Fund, the Investors appoint the Investment Manager to invest their Subscriptions on a discretionary basis into companies selected by the Investment Manager. The Minimum Fund Size is £200,000 and the Maximum Fund Size is £2,000,000. Please note that the Investment Manager may at its absolute discretion increase or decrease the Minimum Fund Size and Maximum Fund Size, and may undertake a number of closes of the Fund in tranches of £100,000 (or such other amount the Investment Manager shall determine in order to commence investment into the Investee Companies. The Minimum Subscription is £10,000 per Investor. The Fund is not a legal entity, nor is it considered to be a collective investment scheme as defined in section 235 of the Financial Services and Markets Act 2000, but it is considered to be an AIF for the purposes of the AIFMD.

Life of the Fund

In order to retain the SEIS and EIS Reliefs, Investors must hold the Qualifying Shares for the SEIS and EIS Three Year Period. It is intended that the Investment Manager will consider options for realising the Qualifying Shares in the interests of the Investors after the expiry of the SEIS and EIS Three Year Period. Having regard to the SEIS and EIS Three Year Period and the feasibility of obtaining a realisation thereafter, the Fund has an expected life of six years but there can be no guarantee that all Qualifying Shares will be realised within this period and Investors may not be able to realise or withdraw their Investments in Investee Companies before six years or longer. The recommended holding period of the Fund is six years. However, the Investment Manager may, at its absolute discretion, have regard to any requests made to it by an Investor to liquidate any individual shareholdings in the Fund (but such termination may result in a loss of SEIS and EIS Reliefs and crystallisation of CGT in respect of capital gains on which CGT Reinvestment Relief had been claimed).

The Investment Manager may also, at its absolute discretion, have regard to any requests made to it by an Investor to keep an Investment within the Fund longer than six years.

The Investment Manager will consult with the Company Mentor with regard to the maximisation of value in considering the strategy for, and timing of, the realisation of the Qualifying Shares.

It would be prudent to view an Investment in the Fund as medium to long term. An Investment should only be made in the Fund on the basis that it will remain invested for at least three to six years.

Following realisation of the Qualifying Shares in each Investee Company, the realisation proceeds will be paid to Investors. Consequently, it is possible that Investors will receive distributions from the Fund over a period of time.

Fund Reporting

Investors will receive statements and reports twice a year, with details of Investments made within their portfolios. This may also include highlights and information regarding the progress of the Investee Companies.

Investment Conflicts Committee

The Investment Manager proposes to deal with any conflicts of interest that arise by tabling any potential conflicts at meetings of an Investment Conflicts Committee. The Investment Conflicts Committee will be made up of officers of the Investment Manager and will be convened as and when a conflict arises.

The Custodian

The Investment Manager has entered into an agreement with the Custodian for the Custodian to provide receiving agent and custodian services to the Investment Manager and each Investor, which will include administration, custodial and nominee services in accordance with the terms of that agreement. The Investment Manager will be responsible for paying all fees due to the Custodian under the agreement.

The agreement with the Custodian may be terminated by either the Investment Manager or the Custodian upon six months' written notice to the other and may also be terminated immediately on notice for cause including in the event that a party ceases to be FCA authorised or on the insolvency of either party.

Financial Services Compensation Scheme

The Investment Manager participates in the Financial Services Compensation Scheme, established under the Financial Services and Markets Act 2000. The scheme provides compensation to eligible investors in the event of a firm being unable to meet its customer liabilities. Payments under the scheme to an eligible investor for protected claims against a firm in respect of protected investment business are limited to a maximum of the first £50,000 of the claim. Further information is available from the Financial Services Compensation Scheme, 10th Floor, Beaufort House, 15 St Botolph Street, London, EC3A 7QU.

Alternative Investment Fund Managers Directive

The AIFMD came into full effect on 22 July 2014. The FCA have indicated that, in their view, EIS and SEIS funds fall within the definition of "Alternative Investment Fund" for the purposes of the AIFMD. The Investment Manager has been granted the necessary permissions to act as an AIFM for the purposes of the AIFMD.

The Investment Manager will treat the Fund as its client for the purposes of determining which provisions of COBS will regulate the obligations owed by the Investment Manager to Investors in common. Although the Investment Manager will, at all times, act in the best interests of the Investors in common, they will not be treated on an individual basis as clients of the Investment Manager for regulatory purposes and will not, therefore, have the same protections under COBS as if they were treated as a client of the Investment Manager on an individual basis.

PART SIX: RISK FACTORS

This Investment may not be suitable for all Investors. Investors should be aware that investing in unquoted companies carries with it a high degree of inherent risk. This section contains the material risk factors that the Investment Manager believes to be associated with a Subscription in the Fund, but does not necessarily include all the risks associated with such an investment.

- The value of shares can go down as well as up and this could result in an Investor incurring a total loss of their Investment. If you cannot afford to lose all of your Investment, you should not consider applying to subscribe through the Fund.
- The Fund will invest in seed capital opportunities in a variety of industries, such as UK based robotic start-ups. By definition these are high-risk situations which, if unsuccessful, may result in a total loss of the Investment but which, if successful, offer the potential of high returns.
- An investment in the Fund should be considered a medium to long term investment. The exit strategy of the Fund will be to realise individual investments following the SEIS and/or EIS Three Year Period, but in practice this period could be longer, and since the Fund has an anticipated life of six years Investors may be unable to achieve a return on investments made for their account before that time.
- One or more Investee Companies may fail, their securities may be sold for substantially less than their acquisition cost, or those securities may have no market at all. Accordingly, Investors may potentially lose the total amount of their investment and should therefore only consider investing if this is a risk they can afford to bear.
- The Fund takes minority positions in Investee Companies. As a minority investor, the Fund may be less able, or unable, to materially influence the policies pursued by an Investee Company if there are majority investors who, by reason of their stake, have an effective veto on the company's affairs.
- Investee Companies are early stage and relatively small. They will be dependent on the skills of a small group of key executives, the loss of which may be particularly detrimental to those companies.
- Products and technologies developed by Investee Companies may prove not to be commercially or technically successful.
- Investee Companies are very likely to need to borrow funds from third parties. This exposes an additional risk and means that the Fund shareholders will rank as creditors behind lenders in an insolvency situation.
- Investments will be made in companies whose securities are not traded on any public market or exchange. Accordingly, it is unlikely that an Investor (or the Investment Manager on their behalf) will be able to sell any part of their investment prior to the investment being realised as a whole.
- The Fund may seek an Initial public offering of an Investee Company on the financial market, but is not obliged to realise the value of the shares issued by the company unless it considers that it is in the best interests of Investors.
- Investment in Investee Companies will usually be made in Sterling. In the event of incomes from an Investee Company operations are made in currencies other than Sterling, the performance of the company and the return to Investors will be affected in relative terms by the movement of Sterling against that operating currency.
- This Information Memorandum provides details of projected performance that may or may not be achieved by the Fund.
- Investors should note that past performance is no guide to future performance.
- The Fund has discretion to use moneys raised from Investors as follow-on investments in Investee Companies (including follow-on investments in the portfolio companies of the British Robotics Seed Fund 2). This may affect the return to Investors in the Fund, either because the follow-on investment is made at a higher initial value than the previous investment in the same Investee Company or because the exit from that investment occurs sooner than is the case for the original Investors in the company in question.

- Valuations may be provided to Investors. No warranty is given that any such valuation is capable of being attained on a disposal, flotation, or other realisation. Valuations will be conducted in accordance with prevailing industry standards.
- The Fund may need to increase initial capital invested in Investee Companies and/or use capital to support operating costs needed for proper solvency of the Fund, and this may reduce the amount of capital available for investment in future Investee Companies which may result in lower or no returns to Investors.
- It is noted that on the 23 June 2016 the United Kingdom voted to leave the European Union. The process to leave the European Union is expected to take several years. As a result of the vote and the process to leave the European Union there may be a prolonged period of uncertainty and a potential economic downturn or recession. Any uncertainty and downturn/recession in the economy may have an adverse impact upon the prospects of the Investee Companies and therefore negatively impact the Investments made by the Fund Investors.
- The Fund is heavily dependent on the services of High Growth Robotics Limited (and in particular Dominic Keen) to act as the Company Mentor and provide Mentoring Services to the Investee Companies. Any loss of these services may have an adverse impact upon the prospects of the Investee Companies and therefore negatively impact the Investments made by Investors.
- There can be no guarantee that the Investment objective of the Fund will be achieved.
- The past performance of Investments dealt with by the Investment Manager or the Company Mentor, should not be regarded as an indication of the performance of future Investments made by the Investment Manager on behalf of Investors through the Fund.
- It may be difficult to obtain accurate information to determine at any given time the value of the Fund's Investments.
- Many unquoted companies have small management teams and are highly dependent on the skill and commitment of a small number of individuals. The performance of Investee Companies may therefore be adversely affected by the departure or unavailability of certain key personnel.
- Force majeure events, which are events beyond the control of a party, including fire, flood, earthquake and other acts of God, terrorist attacks and war may affect a party's ability to perform its contractual obligations or may lead to the underperformance of an Investee Company.
- Each Investee Company may not have a trading history or only a limited one.
- Conflicts of interest may arise in relation to a number of factors and these conflicts will be managed by the Investment Conflicts Committee.

Additional Risk Factors for Investors Seeking Tax Advantages

Prospective Investors who wish to receive the benefit of any of the Tax Advantages are encouraged to seek advice from their tax, professional or financial advisers with regard to their personal circumstances, and should understand and accept each of the following:

- Representations in this Information Memorandum with respect to Tax Advantages relate to the generic position of a UK-resident individual tax-payer and do not amount to tax advice to any person.
- Tax legislation and HM Revenue & Customs practice are subject to change at any time and the Tax Advantages may be amended or withdrawn.
- It is noted that the majority of the Fund will be invested in new SEIS-qualifying opportunities, with the remainder being used to provide scale-up funding to companies, under EIS, in the British Robotics Seed Fund 2 or other eligible EIS Qualifying Companies. However, there is no guarantee that suitable EIS qualifying companies will be identified and the Fund may invest solely in SEIS qualifying companies.
- Any loss of SEIS and/or EIS qualifying status by an Investee Company or change in the Investor's personal circumstances may lead to the loss of the Investor's Tax Advantages (in relation to a specific Investee Company investment or generally). No guarantee can be given that any or all investments will qualify, or continue to qualify, for the Tax Advantages.

- The Fund shall not be liable for any loss incurred by an Investor in relation to value received (as defined in S257FE Income Tax Act 2007 for SEIS purposes and S213 Income Tax Act 2007 for EIS purposes) by any person from any Investee Company or as a result of a change in circumstances of an Investee Company at any time.
- The Fund retains complete discretion to realise a SEIS and/or EIS investment at any time (including within the SEIS and EIS Three Year Period) that it considers appropriate. In such case, some or all of the Tax Advantages relating to that particular investment will be lost. In making such a disposal, The British Robotics Sidecar Fund is not obliged to take into account the tax position of Investors (individually or generally).
- The Fund will invest in unquoted companies as defined under the relevant SEIS and EIS legislation, the securities of which will not be freely marketable and this may restrict the Fund's ability and any Investor's ability to exit any Investment it makes.
- Investment in a Fund such as The British Robotics Sidecar Fund should not be considered a short-term Investment. Any withdrawals within the SEIS and EIS Three Year Period will result in the loss of SEIS and/or EIS and CGT Reliefs in relation to those companies. It may take considerable time to realise any of the Fund's Investments.
- If any Investor requires to realise their shares within the SEIS or EIS Three Year Period then they must be aware of the consequences i.e. losing their rights to the tax benefits.
- It is possible that an Investor could cease to be entitled to certain tax benefits available under the SEIS and/or EIS. For example, SEIS and EIS Reliefs, CGT Reliefs and potential IHT Reliefs may be lost if an Investor receives value from the Investee Company (other than a normal dividend), in the period from the incorporation date of the Investee Company to the expiry of the SEIS Three Year Period.
- There is no guarantee as to the timing of the availability of the SEIS and EIS Compliance Certificates that are needed in order to claim SEIS and EIS Reliefs.
- If the amount of an Investor's Subscription is such that his pro-rata beneficial interest in any Investee Company in the Fund exceeds 30% of the capital or voting rights (taking into account the interests of his "associates" as defined under the legislation), the Investor will be treated as being "connected" to the Investee Company and will not be entitled to SEIS and/or EIS Income Tax Relief in respect of an Investment in that Investee Company.
- The taxation treatment depends on the individual circumstances of each Investor and may be subject to change in the future.
- Whilst it is the intention of the Investment Manager to invest in companies qualifying under SEIS and/or EIS legislation, the Investment Manager cannot guarantee that all Investments will qualify for SEIS or EIS Reliefs, CGT Reliefs or IHT Relief. Equally, following an Investment in a Qualifying Company, the Investment Manager cannot guarantee the continued availability of SEIS and/or EIS Reliefs, CGT Reliefs or IHT Relief relating thereto because this depends on the continuing compliance with the requirements of the SEIS and EIS legislation by the Investee Company.
- Where an Investor or an Investee Company ceases to maintain SEIS and/or EIS status in relation to any individual Investment, it could result in the loss of some or all of the available reliefs (together with a possible charge to interest thereon).
- Following the admission of an Investee Company to the Official List of the UK Listing Authority and to trading on the London Stock Exchange plc's market for listed securities (but not a quotation on AIM), Business Property Relief for IHT purposes will cease.
- The levels and bases of reliefs from taxation may change or such reliefs may be withdrawn. The tax reliefs referred to in this Information Memorandum are based on legislation currently in force. The ultimate value of any tax relief available depends on the individual circumstances of Investors at the point of investment. The tax rules described in this Information Memorandum are a summary only.
- The tax reliefs referred to in this Information Memorandum may not apply throughout the life of the Investment.

- The tax year for which SEIS and EIS Relief is available may be later than originally envisaged if the timing of Investments is delayed.
- The dates on which initial SEIS and EIS Income Tax Relief, CGT Relief and IHT Relief are available will be determined by the timing of the Fund's Investments and will not be known in full until the Fund has completed its Investments.
- If it considers it appropriate, the Investment Manager retains complete discretion to realise an Investment in a Qualifying Company at any time (including within the SEIS and EIS Three Year Period from the date of an Investment) that it considers appropriate. If an Investment is realised within the SEIS and EIS Three Year Period, some or all of the tax advantages relating to that particular Investment will be lost.

Custody Risk

- Your cash will be deposited by the Custodian with a UK bank which is regarded as reputable in accordance with the arrangement described in this Information Memorandum but such cash shall be held at Investors' risk and neither the Investment Manager, the Custodian nor the Company Mentor (including their respective directors, shareholders, partners, officers, employees, agents or advisers), will be liable to any Investor in the event of insolvency of the bank in which your cash is held, nor in the event of any restriction on the Investment Manager's ability to withdraw funds from such bank for reasons beyond their reasonable control.

PART SEVEN: TAXATION

1) EIS Tax Reliefs

To obtain the EIS tax reliefs described below, it is necessary to subscribe for Shares in EIS Qualifying Companies and where appropriate to claim the relief. The summary below is based on current law, and gives only a brief outline of the tax reliefs. It does not set out all the rules which must be met by EIS Qualifying Companies and an Investor. The tax reliefs will only be relevant to Investors who are liable to UK income tax and/or wish to defer a capital gain.

The investment period will primarily be the 2018/2019 tax year. EIS income tax relief for investments made after 05 April 2018 can be claimed in the 2018/2019 tax year, or can be carried back to the 2017/2018 tax year.

(a) Income Tax Relief – 30%

Individuals can obtain 30% income tax relief on the amount subscribed for Shares in EIS Qualifying Companies (up to an annual maximum £1 million for the 2018/2019 tax year), although relief will be denied for investment into an EIS Qualifying Company with which the individual is connected. Spouses and civil partners can each separately subscribe up to £1 million but they will not be able to jointly own more than 30% of the share capital and voting rights in a single qualifying EIS company.

The relief is given against the individual's income tax liability for the tax year in which the Shares are issued unless the individual makes a carry back relief claim providing the £1 million annual investment limit has not been exceeded in that tax year. Relief is limited to an amount that reduces the Investor's income tax liability for the year to nil.

As announced in the Autumn Budget 2017, for shares issued on or after 6 April 2018, the maximum annual investment limit has increased to £2 million provided that any amount over £1 million is invested in one or more 'knowledge-intensive' companies.

(b) Carry Back Relief

Carry back relief claims may be made for amounts subscribed for Shares in EIS Qualifying Companies, such that an investment is treated for tax relief purposes as having been made in the tax year before the tax year in which the investment was actually made. In effect, and provided no 2017/2018 EIS investments have already been made, this allows an investor to invest up to £2 million in 2018/2019 and claim full tax relief (over 2017/2018 and 2018/2019), or £3 million, provided at least £1 million has been invested in knowledge intensive companies in 2018/2019.

(c) Capital Gains Tax Deferral

To the extent to which a UK resident Investor (including individuals and certain trustees) subscribes for Shares, he can claim to defer payment of tax on all or part of a chargeable gain. The gain may have arisen on the disposal of any asset, or a previously deferred gain may have been brought back into charge. Although there is a limit for income tax relief (see (a) above) and for the exemption from capital gains tax upon a disposal (see (d) below), there is no limit on the amount of EIS qualifying investments which can be used to defer a gain. If the Investor dies whilst still holding Shares, the deferred CGT liability is extinguished entirely. Shares in EIS Qualifying Companies must be issued within one year before and three years after the date of the disposal which gives rise to the gain or the date upon which a previously deferred gain crystallises. The gain is deferred until there is a chargeable event such as a disposal of Shares or a breach of the EIS rules.

For gains made from 6 April 2016 onwards, CGT has been charged at 10% and 20% for individuals (the applicable tax rate depends on the total amount of the individual's taxable income and will be 20% for

an individual liable to higher rates of income tax (18% and 28% for certain residential property assets); and 10% for gains qualifying for Entrepreneurs' Relief (subject to a maximum lifetime limit of £10 million).

When a previously deferred gain crystallises, the rate of CGT then payable will depend upon the legislation that is in force at that time, and may be greater or lower than the rate that would have applied had Capital Gains Deferral not been claimed. If Entrepreneurs' Relief was available on the gain deferred on a disposal which occurred on or after 3 December 2014, it will also be available when the gain comes back into charge.

(d) Capital Gains Tax Exemption

Any capital gains realised on a disposal of EIS qualifying Shares after the Three Year EIS Period, and on which EIS relief (see (a) above) has been given and not withdrawn, will be free from capital gains tax. Any capital gains realised on a disposal within the Three Year EIS Period will be subject to CGT.

(e) Loss Relief against income or gains

Unrestricted tax relief is available at any time in respect of any loss realised upon a disposal of EIS qualifying shares on which EIS income tax relief (see (a) above) has been given and not withdrawn. The amount of the loss (after taking account of any income tax relief initially obtained) can be set against the individual's gains in the tax year in which the disposal occurs, or, if not fully used, against gains of a subsequent year. Alternatively, on making a claim, the loss net of income tax relief may be set off against the individual's taxable income of either the tax year in which the disposal occurs, or the previous tax year. If the circumstances are such that EIS income tax relief have been withdrawn, it may still be possible for an investor to claim an amount of loss relief but these will be subject to a limit of £50,000 or 25% of adjusted total income.

Where only CGT Deferral relief has been claimed, loss relief against income tax may be restricted due to the cap on income tax reliefs.

(f) Inheritance Tax – Business Property Relief

Although not an EIS tax relief as such, an investment in an EIS Qualifying Company will normally qualify for 100% relief from IHT under current legislation, provided the investment has been held for at least two years and is still held at time of death. There is no upper limit on the amount of IHT relief which can be claimed.

Date for claiming tax relief

The relevant dates for income tax relief, from a tax year perspective, are the dates on which Investments are made into each of the Investee Companies, rather than the date in which an Investor subscribed to the Fund. The latest date an Investor can file a claim for EIS relief is five years after 31 January following the tax year to which the claim relates.

EIS3 certificates

On investment into each Investee Company the Investment Manager will arrange that the Investee Company will apply on your behalf to HMRC for EIS relief for your investment. The application to HMRC cannot be made until the Investee Company has carried on its trade for a minimum of four months. Subject to this, EIS3 certificates are typically sent out to investors by the Custodian within a few months of each underlying investment depending on when the forms are received from HMRC.

The EIS3 certificate enables you to claim your income tax relief and capital gains tax deferral, normally by making the appropriate entries on your own tax return.

2) SEIS Tax Reliefs

To obtain the SEIS tax reliefs described below, it is necessary to subscribe for Shares in SEIS Qualifying Companies and claim the relief. The summary below is based on current law, and gives only a brief outline of the tax reliefs. It does not set out all the rules which must be met by SEIS Qualifying Companies and an Investor. The tax reliefs will only be relevant to Investors who pay UK income tax and/or wish to exempt a capital gain.

The investment period will primarily be the 2018/2019 tax year. SEIS income tax relief for investments made after 05 April 2018 can be claimed in the 2018/2019 tax year, or can be carried back to the 2017/2018 tax year.

(a) Income Tax Relief – 50%

Individuals can obtain 50% income tax relief on the amount subscribed for Shares in SEIS Qualifying Companies (up to an annual maximum £100,000) although relief will be denied for investment into an SEIS Qualifying Company with which the individual is connected. Spouses and civil partners can each separately subscribe up to £100,000 but they will not be able to jointly own more than 30% of the share capital and voting rights in a single qualifying SEIS company.

The relief is given against the individual's income tax liability for the tax year in which the Shares are issued unless the individual makes a Carry Back Relief claim. Relief is restricted to an amount which reduces the investor's income tax for the year to nil.

(b) Carry Back Relief

Carry Back Relief claims may be made for amounts subscribed for Shares in SEIS Qualifying Companies, such that an investment is treated for tax relief purposes as having been made in the tax year before the tax year in which the investment was actually made, subject to the appropriate limit for that tax year.

(c) SEIS CGT Exemption (SEIS Reinvestment Relief)

If an investor realises a capital gain by disposing of an asset of any kind and invests the gain in shares in an SEIS Qualifying Company, up to one half of that gain can receive exemption from CGT¹⁹. It is noted that reinvestment relief claim must be within the same tax year as the income tax relief claim.

(d) Capital Gains Tax Exemption

Any capital gains realised on a disposal of Shares in an SEIS Qualifying Company after the Three Year SEIS Period, and on which SEIS relief (see (a) above) has been given and not withdrawn, will be capital gains tax free. Any capital gains realised on a disposal within the Three Year SEIS Period will be subject to CGT.

(e) Loss Relief against income or gains

Unrestricted tax relief is available at any time in respect of any loss realised upon a disposal of shares in an SEIS Qualifying Company on which SEIS income tax relief (see (a) above) has been given and not withdrawn. The amount of the loss (after taking account of any income tax relief initially obtained) can be set against the individual's gains in the tax year in which the disposal occurs, or, if not fully used, against gains of a subsequent year. Alternatively, on making a claim, the loss net of income tax relief may be set off against the individual's taxable income in either the tax year in which the disposal occurs, or the previous tax year.

¹⁹ In order to obtain this CGT exemption, SEIS Income Tax Relief must be claimed on the acquisition of the shares.

If the circumstances are such that SEIS tax reliefs have been withdrawn, it may still be possible for an Investor to claim loss relief, for an amount equal to the economic loss sustained, however, the amount of relief would be restricted to the greater of £50,000 or 25% of adjusted total income for Income Tax purposes.

(f) Inheritance Tax – Business Property Relief

Although not an SEIS tax relief as such, an investment in an SEIS Qualifying Company will normally qualify for 100% relief from IHT under current legislation, provided the investment has been held for at least two years and is still held at time of death. There is no upper limit on the amount of IHT relief which can be claimed.

Date for claiming tax relief

The relevant dates for income tax relief, from a tax year perspective, are the dates on which Investments are made into each of the Investee Companies, rather than the date in which you subscribed to the Fund. The latest date you can file a claim for SEIS relief is five years after 31 January following the tax year to which the claim relates.

SEIS3 certificates

On investment into each Investee Company an application on your behalf will be made to HMRC for SEIS3 certificates for each of the investments. The application to HMRC cannot normally be made until the Investee Company has carried on its trade for a minimum of four months or, if earlier, after the Investee Company, has spent at least 70% of the money raised through issue of SEIS qualifying Shares. The SEIS3 certificate enables you to claim your income tax relief and capital gains tax exemption, normally by making the appropriate entries on your own tax return.

SEIS and EIS Qualifying Companies

Each Investee Company in which the Fund invests must initially (i.e. at the time of issue of the Shares) not be listed on a recognised stock exchange (as defined for the purposes of SEIS and EIS Relief) and there must be no "arrangements" in place for it to become so listed. In addition, throughout the Three Year SEIS and EIS Periods, it must not be a subsidiary of, or be controlled by, another company. It must either exist to carry on a qualifying trade or else be the parent company of a trading group and there must be no "arrangements" in existence for the Investee Company to become a subsidiary of, or be controlled by, another company.

A trading group is a group in which, directly or indirectly, more than 50% of the shares of each subsidiary are held by another member of the group, but any subsidiary employing any of the money raised by the issue of Shares must be a qualifying 90% subsidiary. Non-qualifying business activities (broadly, investment activities and non-qualifying trades) must not comprise a substantial part of the business of the group as a whole. The qualifying business activity for which the money is raised by the issue of Shares must be a trade conducted on a commercial basis and with a view to the realisation of profit.

Although it is possible for qualifying activities to be carried on anywhere in the world, the company that issues the shares must have a "permanent establishment" (broadly, a taxable presence) in the United Kingdom.

For EIS purposes, the value of the gross assets of the Investee Company and any subsidiaries must not exceed £15 million immediately before the issue of Shares and £16 million immediately afterwards. The maximum EIS fundraising per Investee Company is restricted to an all-time maximum of £12 million (£20 million for "knowledge-intensive" companies). The relevant shares must be issued to raise money for the purpose of a qualifying business activity so as to promote business growth and development. Employing money raised on the acquisition of an interest in another company, which is or becomes a

51% subsidiary of the company, a trade or goodwill or intangible assets employed for the purposes of a trade does not amount to employing money raised for the purpose of a qualifying business activity.

The maximum EIS fundraising (including any other investments under a tax-advantaged scheme) per Investee Company is restricted to £5 million per year, or £10 million per year for “knowledge intensive” companies. The maximum number of full-time employees (or full-time equivalent) in the Investee Company at the time of Investment is restricted to fewer than 250 (fewer than 500 employees for ‘knowledge-intensive companies’).

For SEIS purposes, the value of the gross assets of the Investee Company and any subsidiaries must not exceed £200,000 immediately before the issue of Shares. Subject to certain exceptions, the maximum SEIS fundraising per Investee Company is restricted to an all-time maximum of £150,000 (this includes any State Aid received) and the maximum number of full-time employees (or full-time equivalent) in the Investee Company at the time of Investment is restricted to fewer than 25.

It is not possible for a company to qualify for SEIS relief if it has previously issued shares on which EIS Relief has been claimed, or has issued shares to, or received an investment from, a venture capital trust. If a company issues shares on which SEIS Relief is claimed, it is possible for it to issue subsequent shares on which EIS Relief may be claimed but the EIS subscriptions cannot be raised on the same day.

Most types of trades are qualifying trades for SEIS and EIS purposes but the following are excluded:

- Dealing in land, commodities or futures, or in shares, securities or other financial instruments;
- dealing in goods otherwise than in the course of an ordinary trade of wholesale or retail distribution, or acting as a wholesaler or retailer of goods of a kind which are collected or held as investments if stock is not actively sold;
- banking, insurance, money lending, debt factoring;
- hire purchase financing or other financial activities;
- leasing, except certain lettings of ships, or receiving royalties or licence fees (subject to certain exceptions, most particularly in relation to self-generated intellectual property);
- providing legal or accountancy services;
- farming and market gardening;
- holding, managing or occupying woodlands or forestry or timber production;
- property development;
- shipbuilding;
- producing coal and/or steel;
- operating or managing hotels or similar establishments;
- operating or managing nursing homes and residential care homes;
- generation or export of electricity or power;
- production of gas or fuel; and
- providing services to a trade consisting of any of the above carried on by a “connected person.”

For SEIS, the trade of the company must generally be less than two years old at the time of the investment. For EIS generally, companies whose first commercial sale was made more than seven years ago (or ten years ago for a “knowledge intensive” company) cannot receive EIS monies. Companies “in financial difficulty” cannot receive SEIS or EIS investment. HMRC’s guidelines regard a company as being in financial difficulty where it is unable, whether through its own resources or with the funds which it is able to obtain from its owners, shareholders or creditors, to stem losses which, without outside intervention by the public authorities, will almost certainly condemn it to going out of business in the short or medium term. The guidelines indicate that a company will not be regarded as being in financial difficulty within its first three years’ trading.

Shares only qualify for SEIS or EIS Relief if they are ordinary shares which do not, at any time during the Three Year SEIS or EIS Period, carry any present or future preferential right to dividends (other than to certain fixed rate non-cumulative dividends) or to an Investee Company’s assets on its winding up, or any present or future right to be redeemed.

An Investor can obtain SEIS or EIS income tax relief only in the tax year in which investments in Qualifying SEIS or EIS Companies are made by the Fund (i.e. the tax year in which the Fund invests), or in the immediately preceding tax year.

Please note that this is only a condensed summary of the taxation legislation and should not be construed as constituting advice which a potential Investor should obtain from his or her own investment or taxation adviser before applying for an investment in the Fund. The value of any tax reliefs will depend on the individual circumstances of Investors.

Neither the Investment Manager (Sapphire Capital Partners LLP) nor the Company Mentor (High Growth Robotics Limited) gives tax advice and recommends that you consult a tax adviser if you are in any doubt about any of the technical aspects of the SEIS or EIS legislation.

APPENDIX 1: INVESTMENT MANAGEMENT AGREEMENT

The Investment Management Agreement (“the Agreement”) sets out the agreement between the Investment Manager and the Investor in relation to the discretionary investment management service to be carried out on the Investor’s behalf by the Investment Manager, which when aggregated with the Agreements entered into by other Investors and the Investment Manager constitute the Fund. Once a signed Application Form has been accepted by the Investment Manager, this Agreement will constitute a binding agreement between the Investment Manager and the Investor.

1) Definitions and Interpretation

1.1. In this Agreement, unless the context otherwise requires, the following words have the following meanings:

“Act”	Means the Financial Services and Markets Act 2000;
“Applicable Laws”	All relevant UK laws, regulations and rules, including those of any Government or of the FCA;
“Application Form”	An application form to invest in the Fund completed by an Investor in the form provided by the Investment Manager;
“Business Day”	Means any day (except Saturday and Sunday) on which banks are open for normal banking and foreign exchange business in London;
“Closing Date”	In respect of the Fund, the date on which the final Subscription may be made by an Investor to the Fund, which shall be determined by the Investment Manager;
“Custodian”	Woodside Corporate Services Limited and/or such other person or persons as may be appointed as custodian or as a sub-custodian for the Fund from time to time by the Investment Manager;
“EIS”	Enterprise Investment Scheme;
“EIS Reliefs”	Relief from certain UK personal taxes under the EIS;
“FCA”	Means the Financial Conduct Authority of the United Kingdom;
“FCA Rules”	The rules contained in the FCA’s Handbook of Rules and Guidance;
“Fund”	The British Robotics Sidecar Fund, a discretionary investment management service managed by the Investment Manager. The Fund is not a legal entity and is a group of individual bare trusts to enable subscription monies to be held on behalf of investors under a nominee arrangement; each investor will be the sole beneficiary of each bare trust, to be known collectively as the Fund. The Nominee is the registered legal holder of investments on behalf of each investor;
“Investee Company”	Means a company in respect of which the Investment Manager has made an Investment;
“Investment”	Means any equity investment in an Investee Company made by the Investment Manager on behalf of the Investor;
“Investment Objective”	The investment objective for the Fund as stated in this Information Memorandum;
“Investment Restrictions”	The investment restrictions as stated in this Information Memorandum;
“Non Readily Realisable Investments”	Investments which are not readily realisable investments in which the market is restricted or could become so; such

	Investments can be difficult to deal in and it can be difficult to determine what would be a proper market price for them;
“Readily Realisable Investment”	A government or public security denominated in the currency of the country of its issuer or any other security which is: admitted to official listing on an exchange in an EEA State; or regularly traded on or under the rules of such an exchange; or regularly traded on or under the rules of a recognised investment exchange or (except in relation to unsolicited real time financial promotions) designated investment exchange; or a newly issued security which can reasonably be expected to fall within the aforementioned categories when it begins to be traded. For the avoidance of doubt, this term does not include AIM nor does it include unlisted securities;
“Services”	The services as set out in Clause 5;
“SEIS”	The Seed Enterprise Investment Scheme;
“SEIS Reliefs”	Relief from certain UK personal taxes under SEIS; and
“Schedule”	Means a schedule to this Agreement.

- 1.2. References to statutory provisions, regulations, notices or the FCA Rules shall include those provisions, regulations, notices or FCA Rules as amended, extended, consolidated, substituted or re-enacted from time to time.
- 1.3. References to the terms “include”, “including”, “in particular” and any similar phrases shall be construed without limitation to the preceding words.
- 1.4. References to persons include individuals, bodies’ corporate, unincorporated associations and Investors.
- 1.5. Words in the singular include the plural and vice versa.
- 1.6. Unless a term is otherwise defined in this Agreement, the terms defined in the FCA Rules and Information Memorandum shall bear the same meaning herein.
- 1.7. References to Clauses are to Clauses of this Agreement and headings are inserted for convenience only and shall not affect the construction of this Agreement.
- 1.8. References herein to a party are to any party or together the parties to this Agreement, as the context may require.
- 1.9. Unless the context otherwise requires and except as varied or otherwise specified in this Agreement, words and expressions contained in this Agreement shall bear the same meaning as in the FCA Rules.
- 1.10. The Schedules form part of this Agreement.

2. INVESTING IN THE FUND

- 2.1. This Agreement will come into force on the date that the Investment Manager accepts the Investor’s Application Form and monies are subscribed to the Fund, such acceptance being solely at the discretion of the Investment Manager.
- 2.2. This Agreement appoints the Investment Manager, once the Minimum Fund Size of £200,000 has been received in aggregate (or such other amount as determined in the Investment Manager’s absolute discretion) as a common discretionary investment fund manager to act on the Investor’s behalf to make Investments in SEIS and/or EIS Qualifying Companies and to manage those

Investments on behalf of all Investors in the Fund within the Fund collectively. The Investment Manager agrees to accept its appointment and obligations on the terms set out in this Agreement.

- 2.3. The Investment Manager is an authorised person for the purposes of the Act and as such is regulated by the FCA. The Investment Manager is a limited liability partnership registered in Northern Ireland under registered number NC000562 and with a registered address at 28 Deramore Park, Belfast BT9 5JU Northern Ireland. The FCA's registered address is 12 Endeavour Square, London E20 1JN.
- 2.4. This Agreement is supplied to the Investor in English and the Investment Manager will continue to communicate with the Investor in English for the duration of this Agreement.
- 2.5. Except as expressly provided in this Agreement, or as the Investment Manager may be otherwise authorised, the Investment Manager has no authority to act for or represent the Investor.
- 2.6. For the purposes of the FCA Rules the Fund as a whole will be the client of the Investment Manager and not the Investor.
- 2.7. If the Investor is classified as a Retail Investor by their IFA, then the Investor has the right to request a different client categorisation. However, if the Investor does so and if the IFA agrees to such categorisation the Investor will lose certain protections provided by certain FCA rules.

This may include, but may not be limited to:

- 2.7.1. the Investment Manager is entitled to make the assumption that the Investor has the necessary level of experience and knowledge to understand the risks involved in relation to any investment, service, product or transaction contemplated by the Information Memorandum;
- 2.7.2. if the Investment Manager was to manage client assets, the Investment Manager would be obliged to provide Retail Clients with more detailed information periodically. A Retail Client has a right to a statement every three months, rather than every six months for a Professional Client;
- 2.7.3. the Investor will not be given any of the additional disclosures required to be provided to Retail Clients (e.g. on costs, commissions, fees and charges and information on managing investments);
- 2.7.4. where the Investment Manager provides the Investor with investment advice, the Investment Manager is entitled to assume that the Investor has the requisite knowledge and experience to understand the risks involved and that they are able financially to bear any investment risk consistent with their investment objectives;
- 2.7.5. if the Investment Manager was to hold money on behalf of a Retail Client the Investment Manager would have to notify the client of whether interest is payable (which is not required for Professional Clients); and the Investment Manager would not be able to transfer the money to a third party without notifying a Retail Client and without explaining who is responsible for that third party's actions or omissions, and the consequences where that third party becomes insolvent;
- 2.7.6. the FCA Rules impose detailed requirements on financial promotions directed at Retail Clients. Promotions directed at Professional Clients are simply subject to the high-level requirement that promotions are fair, clear and not misleading; and
- 2.7.7. where the Investment Manager places Investor's orders with third parties for execution, the factors taken into account in obtaining the best possible execution result for a

Professional Client will differ from those for a Retail Client. It should be noted that Professional Clients can no longer opt out of best execution.

- 2.8. If the Investor is categorised as an elective Professional Client by the Investment Manager, the Investor hereby confirms that he/she has received notice of the protections that he/she may lose by virtue of his or her status as a person not categorised as a Retail Client of the Investment Manager and the fact that he/she is not a client of the Investment Manager for FCA regulatory purposes.

These may include, but may not be limited to:

- 2.8.1. the Investment Manager is entitled to make the assumption that the Investor has the necessary level of experience and knowledge to understand the risks involved in relation to any investment, service, product or transaction contemplated by the Information Memorandum;
 - 2.8.2. if the Investment Manager was to manage client assets, the Investment Manager would be obliged to provide Retail Clients with more detailed information periodically;
 - 2.8.3. the Investor will not be given any of the additional disclosures required to be provided to Retail Clients (e.g. on costs, commissions, fees and charges and information on managing investments);
 - 2.8.4. the FCA Rules impose detailed requirements on financial promotions directed at Retail Clients. Promotions directed at Professional Clients are simply subject to the high-level requirement that promotions are fair, clear and not misleading; and
 - 2.8.5. where the Investment Manager places Investor's orders with third parties for execution, the factors taken into account in obtaining the best possible execution result for a Professional Client will differ from those for a Retail Client. Note that Professional Clients are no longer able to opt out of best execution.
- 2.9. The Investor confirms that he/she is not seeking advice from the Investment Manager on the merits of any Investment into the Fund.
- 2.10. The Investor confirms that he/she is suitably knowledgeable of the risks associated with Non Readily Realisable Investments and/or has been suitably advised of these risks.
- 2.11. The Investment Manager may retain information about the Investor and the Investor's affairs in order to confirm the Investor's identity and financial standing (amongst other things the Investment Manager may make enquiries to a credit or mutual reference agency, which may retain a record of the enquiry). The Investor agrees that the Investment Manager may do this.
- 2.12. Anti-money laundering regulations aim to prevent criminal property being utilised or concealed as legitimate wealth. To meet the requirements of these regulations the Investor may have to produce satisfactory evidence of their identity before their Application Form can be accepted, and from time to time thereafter. This process of identification is to assist in the prevention of crime within the financial services industry. If the Investor does not provide the information when required, the Custodian and the Investment Manager may be unable to accept any instructions from them or provide them with any services.

3. CANCELLATION RIGHTS

- 3.1. Following receipt of an Application Form, the Custodian will write to the Investor acknowledging receipt of the application. If the Investor wishes to exercise his or her right to cancel, the Investor

must notify the Custodian in writing within 14 calendar days of the acceptance of the application and receipt of the subscription monies, by writing to the Custodian.

- 3.2. If the Investor exercises their cancellation rights, the Custodian shall refund any monies paid by the Investor less any charges the Investment Manager has already incurred for any service undertaken in accordance with the terms of the Agreement. Please note that the Custodian is obliged to hold the Investor's investment monies until such time that sufficient identification documents have been provided to satisfy its anti-money laundering obligations.
- 3.3. The Investment Manager shall procure that the Custodian endeavours to arrange the return of any such monies as described at Clause 3.1 as soon as possible (but in any event, not more than 30 days following cancellation or the completion of its anti-money laundering obligations, whichever is the latest). The Investor will not be entitled to interest on such monies.
- 3.4. If the Investor does not exercise this right to cancel within the requisite time period, the Investor will still be entitled to exercise his or her right under Clause 15 below to terminate this Agreement, which is a separate right.
- 3.5. The right to cancel under the FCA Rules does not give the Investor the right to cancel/terminate/reverse any particular investment transaction executed for the account of the Investor before cancellation takes effect.
- 3.6. The Investor shall retain beneficial ownership of the assets in the Fund at all relevant times.

4. SUBSCRIPTIONS

- 4.1. The Investor:
 - 4.1.1. must make a Subscription to the Fund of not less than £10,000 at the same time as submitting his/her Application Form to invest;
 - 4.1.2. may make further Subscriptions up to and including the final Closing Date; and
 - 4.1.3. may not make further Subscriptions after the final Closing Date without the permission of the Investment Manager.
- 4.2. The Investor may make a withdrawal from his/her Fund and terminate this Agreement subject to Clause 15 below.
- 4.3. Subscriptions received shall be deposited in an account pending their investment.
- 4.4. Where subscription monies are invested in SEIS and/or EIS Qualifying Companies, any monies transferred to the Investee Companies are solely in consideration for an issue of shares in the Investee Companies and no debt will come into existence by virtue of any payment preceding the formal issue.

5. SERVICES

- 5.1. The Investment Manager shall manage the Fund as from the acceptance of each Application Form, and minimum aggregate total subscriptions of £200,000 being invested in the Fund (or such other amount as the determined in the Investment Manager's absolute discretion) on the terms set out in this Agreement.
- 5.2. The Investment Manager shall manage the Fund in pursuit of the Investment Objective and approach as set out in this Information Memorandum and subject to any Investment Restrictions as stipulated by this Information Memorandum. Subject to such Investment Objective, approach

and any restrictions, the Investment Manager shall exercise all discretionary powers in relation to the selection of, or exercising rights relating to, Investors on the terms set out in this Agreement.

- 5.3. The Investor hereby authorises the Investment Manager (and grants to the Investment Manager a power of attorney) to act on its behalf and in the name of the Investor or its nominee to negotiate, agree and do all such acts, transactions, agreements and deeds as the Investment Manager may deem necessary or desirable for the purposes of making, managing and realising Investments and managing cash funds and any other investments on behalf of the Investor and this authority (and power of attorney) shall be irrevocable and shall survive, and shall not be affected by, the subsequent death, disability, incapacity, incompetence, termination, bankruptcy, insolvency or dissolution of the Investor. This authority (and power of attorney) will terminate upon the complete withdrawal of the Investor from the Fund.
- 5.4. The Investment Objective, approach and restrictions described in this Information Memorandum shall not be deemed to have been breached as a result of changes in the price or value of certain Investments comprised in the Fund brought about through internal financial circumstances of the Investee Companies, market forces or movements in the market. In particular, the Investor acknowledges that the Investments are of a type that cannot easily be valued or realised and that the default period of holding Qualifying Shares will be at least three years for the Investor's protection since tax relief may be otherwise lost. The Investment Manager may however exercise its discretion to realise investments prior to this period with a consequent loss of tax reliefs.
- 5.5. The Investment Manager shall be responsible for negotiating and establishing all agreements or arrangements with any other third party in relation to the investment, management or custody of the assets of the Fund including, without limitation, agreements with High Growth Robotics Limited in relation to the on-going support for the Investee Companies and in relation to the Custodian and any other prime broker or custodian in relation to the assets of the Fund, account opening documentation, and other annexes and all documents relating thereto.
- 5.6. The Investment Manager is authorised to give the Custodian or other third parties any instructions on behalf of the Investor which may be necessary or desirable for the proper performance of the Investment Manager's duties under this Agreement.
- 5.7. The Investment Manager shall, without prejudice to the generality of the foregoing, also provide the following Services:-
 - 5.7.1. the provision of written reports in accordance with the Clause 7;
 - 5.7.2. keeping or causing to be kept such books, records and statements as shall be necessary to give a complete record of all transactions which the Investment Manager carries out for the account of the Investor, which the Investor shall be entitled to inspect on giving one month's notice.
- 5.8. In performing its Services, the Investment Manager shall at all times have regard to:
 - 5.8.1. the need for the Fund to attract the SEIS and/or EIS reliefs and any other tax advantages; and
 - 5.8.2. all Applicable Laws.
- 5.9. The Investment Manager reserves the right to return a surplus of cash if it concludes that it cannot be properly invested for the Investor and it considers this to be in the best interests of the Investor having regard to availability of SEIS and/or EIS Relief for the Investor.
- 5.10. In the event of a gradual realisation of Investments prior to termination of the Fund under Clause 15, the cash proceeds of realised SEIS and/or EIS Investments may be placed on deposit

or invested in government securities or in other investments of a similar risk profile. In carrying out its obligations hereunder, the Investment Manager will act in good faith, with due diligence and shall have regard to any other matter to which a prudent person should reasonably have regard to with respect to the proper discharge of its duties.

- 5.11. Any tax reliefs are dependent on the Investor's personal circumstances as well as the actual underlying investments made by the Fund. In providing services to the Investor, the Investment Manager and the Custodian shall not be required to take into account taxation matters and neither shall provide tax advice. Therefore, and in any event, the Investor should seek independent tax advice to determine and understand the suitability of investing in the Fund and any effect that this may have on the Investor's own position generally.

6. TERMS APPLICABLE TO DEALING

- 6.1. The Investor should understand that the Fund will be invested in a number of unlisted securities which there is generally no relevant market or exchange, consequent rules and customs and there will be varying practices for different securities. Transactions in relation to shares of such securities will be made on the best commercial terms which can be agreed.
- 6.2. Where deals are aggregated with other SEIS and/or EIS Investors in the Fund, the number of shares in an Investee Company held as an Investment allocated to the Investor shall be calculated with reference to the proportion which the Investor's Subscription of the Fund applied to such share purchase bears to the total Subscriptions by all Investors in the Fund at that time, provided that Investors shall not have fractions of shares. Variations may be allowed to prevent Investors having fractions of shares but only in circumstances in which there are minor variations. (If one or more of the Investors in the Fund is an accountant, lawyer or other professional person who is subject to professional rules preventing him from making an investment in a particular Investee Company, then the number of shares so allocated to that Investor or Investors shall not be taken up for the Fund and the cash value of such shares may be returned to such Investor, such that the number of shares so allocated to other Investors in that Fund would not be increased). Investments may be made by the Fund prior to a Closing Date.
- 6.3. Subject to both the FCA Rules and the Investment Manager's Fund management policy (at Schedule 1 of this Agreement) the Investment Manager will act in good faith and with due diligence in its choice and use of counterparties but, subject to this obligation, shall have no responsibility for the performance by any counterparty of its obligations in respect of transactions effected under this Agreement.
- 6.4. The Investment Manager may aggregate the Investors transactions with those of other customers and of its employees in accordance with the FCA Rules. It is likely that the effect of such an allocation will not work to the Investor's disadvantage; however, occasionally this may not be the case. The Investment Manager will allocate aggregated transactions promptly on a fair basis in accordance with the requirements of the FCA Rules.
- 6.5. Subject to both the FCA Rules and the Investment Manager's conflicts of interest policy (a summary of which is included at Schedule 2 of this Agreement) the Investment Manager may make use of dealing commission arrangements in respect of deals undertaken for the Fund as may be disclosed to the Investor from time to time.
- 6.6. Any option which the Investment Manager has to subscribe for shares in any Investee Company in which the Fund has invested, shall not be capable of assignment except to an employee of the Investment Manager within three years from the date on which the Investment is made.
- 6.7. As an FCA authorised firm, the Investment Manager is required to take all reasonable steps to obtain the best possible result on behalf of clients when placing orders for execution that result

from decisions by the Investment Manager. Set out in Schedule 3 is the Investment Manager's summary of its policy in respect of this requirement. Where applicable, the Investment Manager's decisions will normally be executed by the Custodian in accordance with its Execution Policy.

7. REPORTS AND INFORMATION

- 7.1. The Investment Manager shall send the Investor a report relating to the Fund every six months, in compliance with the FCA rules.
- 7.2. The Investment Manager shall provide further information which is under its control as the Investor may reasonably require as soon as reasonably practicable after receipt of a request from the Investor for further information.
- 7.3. Reports will include a measure of performance in the later stages of the Fund once valuations are available. Any statements, reports or information provided by the Investment Manager will state the basis of any valuations.

8. DELEGATION

- 8.1. The Investment Manager may delegate, in whole or in part, any of its functions, powers, and duties under this Agreement (other than functions, powers and duties connected with the exercise of discretion in relation to any Investments) to any suitably authorised person and in connection therewith may provide information about the Fund to any such person, in which case it will act in good faith and with due diligence in the selection, use and monitoring of any such person but otherwise shall have no liability in respect of such persons.
- 8.2. The Investment Manager may also employ agents to perform, or advise in relation to the performance by it or, any of the Services required to be performed or provided by it under this Agreement. The Investment Manager shall act in good faith and with reasonable skill and care in the selection, use and monitoring of any agent appointed under this Clause 8 but otherwise shall have no liability in respect of its agents.
- 8.3. The Investment Manager may from time to time change or amend the terms of the relationship with the Custodian, including the replacement thereof and negotiate such terms on an arm's length basis in good faith.

9. ASSIGNMENT

- 9.1. The Investment Manager may assign this Agreement to any appropriately authorised and regulated person, such assignment being effective upon written notice to the Investor.
- 9.2. This Agreement is personal to the Investor and the Investor may not assign it or transfer it.

10. OBLIGATIONS OF THE INVESTOR

- 10.1. The Investor's Fund which is established by this Agreement is set up on the basis of the declaration made by the Investor in their Application Form which includes the following statements by the Investor:
 - 10.1.1. the fact as to whether or not the Investor wishes to seek SEIS and/or EIS Reliefs for the Investments;
 - 10.1.2. the Investor agrees to inform the Investment Manager if, within three years of the date of shares being issued, the Investor becomes connected with, or receives value from an Investee Company which is an Investment;

- 10.1.3. the Investor agrees to inform the Investment Manager if the Investor is or becomes connected with any of the Investee Companies of the Fund or makes an Investment pursuant to sections 166, 167, 170, 171 and (for SEIS) 257BF ITA 2007;
 - 10.1.4. the Investor confirms to the Custodian and the Investment Manager that the information stated in the Application Form in relation to them is true and accurate as at the date of this Agreement; and
 - 10.1.5. the Investor will provide their tax district, tax reference number and National Insurance number to the Custodian.
- 10.2. The Investor must immediately inform the Investment Manager in writing of any change of tax status, other material change in circumstance and any change in the information provided in the Application Form to which Clause 10.1 above refers.
- 10.3. The Investor will provide to the Custodian or the Investment Manager relevant information in regard to the Foreign Account Tax Compliance Act ("FATCA") and the Common Reporting Standard ("CRS") and similar as required.
- 10.4. The Investor hereby warrants and represents that:
- 10.4.1. they are a person of 18 years or older and personally possess sufficient knowledge, experience and expertise in financial and business matters to be capable of evaluating the merits and risks of an investment in the Fund;
 - 10.4.2. they have read and understood Investment Memorandum and risks involved; and
 - 10.4.3. the information provided in the Investor's application (and all other) respects is true and accurate as at the date of this Agreement.

11. MANAGEMENT AND CUSTODIAN OBLIGATIONS

- 11.1. The Investment Manager shall dedicate such time and attention and have all necessary competent personnel and equipment as may be required to enable it to provide the Services properly and efficiently, and in compliance with the FCA Rules.
- 11.2. The Investment Manager shall appoint the Custodian as agent for the Investor to act as custodian of the cash and other assets of the Fund.
- 11.3. The Custodian shall not be liable to the Investment Manager or to any Investor for any act or omission in the course or in connection with the proper provision of the Services rendered by it in connection with the Fund or for any loss or damage which the Investment Manager or Investor may sustain or suffer as a result or in the course of the proper discharge by the Investment Manager or any delegate of its duties in connection with the Fund, in the absence of fraud, negligence, wilful default or breach of contract directly relating to such cost, expense or liability on the part of the Custodian or any delegate.
- 11.4. Except as disclosed in any memorandum issued in relation to the Fund and as otherwise provided in this Agreement (for example on early termination or early realisation), the Investment Manager shall take reasonable steps to not take any action which shall prejudice the tax position of the Investor insofar as it is aware of the relevant circumstances, and in particular which may prejudice obtaining the SEIS and/or EIS Reliefs for the Fund Investments.
- 11.5. The Investors or the Investment Manager shall pay or reimburse the Custodian from time to time on demand for any transfer taxes payable upon transfers, exchanges or deliveries of securities made under the custodian agreement in accordance with this Information Memorandum.

- 11.6. The Investor indemnifies the Custodian from and against any and all direct liabilities, obligations, losses, damages, penalties, actions against the Custodian, judgements, suits against the Custodian, proper costs and expenses or disbursements (other than those resulting from fraud, negligence, wilful default or breach of contract on the part of the Custodian) which may be imposed or incurred by or asserted against the Custodian in properly performing its obligations or duties to each Fund under the custodian agreement.
- 11.7. The Custodian will not co-mingle securities or other assets of the Investors with its own.
- 11.8. The Custodian will hold cash subscribed by the Investor in accordance with the Client Money Rules contained in CASS 7 of the FCA Rules. Such cash balance will be deposited with an authorised credit institution in a bank account (or accounts) opened and maintained in the name of the Custodian. The Custodian at the direction of the Investment Manager may debit or credit the said account for all sums payable by the or to the Investor (including dividends receivable in cash and fees and other amounts payable by the Investor). Any interest payable on credit balances in the said account will be retained Custodian.

12. VOTING

The Investment Manager shall have discretion to instruct the Custodian to exercise the voting and other rights attaching to the Investments made by the Fund.

13. FEES AND EXPENSES

The Investment Manager shall receive fees for its Services, and reimbursements of their costs and expenses, as set out in this Information Memorandum. To the extent that any of this fee is not paid for whatever reason by the relevant Investee Company, the Investment Manager reserves the right to instruct the Custodian to deduct such fees from an Investor's Subscription awaiting investment and/or from any disposal or dividend proceeds arising from his/her Investments save that an Investor shall never be liable for more than his proportionate share of such fees by reference to the other Investors in the Fund who have had Investments made on their behalf in the same Investee Company.

14. LIABILITY

- 14.1. The Investment Manager shall not be liable in respect of any act or omission of any person, firm or company through whom transactions in Investments are effected for the account of the Investor (including the Custodian) or any other third party having custody or possession of the assets of the Investor from time to time, or of any clearance or settlement system.
- 14.2. The Investment Manager shall not be liable for any loss to the Investor arising from any investment decision made in accordance with the Investment Objectives and the Investment Restrictions or for other action in accordance with this Agreement, except to the extent that such loss is directly due to the negligence or wilful default or fraud of the Investment Manager or any of its employees.
- 14.3. The Investment Manager gives no representations or warranty as to the performance of the Fund. SEIS and EIS Investments are high risk Investments, being Non Readily Realisable Investments. There is a restricted market for such Investments and it may therefore be difficult to sell the Investments or to obtain reliable information about their value. Investors should consider the suitability of investment in SEIS and EIS Investments carefully and note the risk warnings set out in this Information Memorandum.

- 14.4. The Investment Manager will not be responsible for any loss of opportunity whereby the value of the Investor's Fund could have been increased or for any decline in the value of the Investor's Investment howsoever arising, except to the extent that such loss or decline is due to the Investment Manager's negligence, wilful default or fraud or that of any of its directors or employees.
- 14.5. The Custodian shall not be liable in the event of the insolvency of any bank with which any funds of the Custodian have been deposited, nor in the event of any restriction on the ability of the Custodian to withdraw funds from such bank for reasons which are beyond its reasonable control.
- 14.6. If the Custodian should fail to deliver any necessary documents or to account for any Investments, the Investment Manager will take all reasonable steps on the Investor's behalf to recover such documents or Investments or any sums due or compensation in lieu thereof but subject thereto to the Investment Manager's general duty of good faith, shall not be liable for such failure.
- 14.7. The Investment Manager may be separately engaged by some of the unquoted companies that the Fund will invest in to assist those companies to raise finance. The Investment Manager will receive a fee from each such unquoted company for its services.
- 14.8. The Investment Manager will not be liable for any loss arising from errors of fact or judgement or any action taken (or omitted to be taken) by it howsoever arising except to the extent that any such error or action (or the omission thereof) is due to the Investment Manager's negligence, wilful default or fraud or that of any of its directors or employees.
- 14.9. The Investment Manager shall be entitled to rely absolutely upon and shall not incur any liability (save for any liability resulting from the negligence, wilful default or fraud of the Investment Manager) in respect of any action taken or thing suffered in good faith in reliance upon any paper or document believed to be genuine and to have been signed and sealed by the proper parties or be in any way liable for any forged or unauthorised signature or seal affixed to any document and in discharging its duties hereunder the Investment Manager may, in the absence of manifest error, rely without enquiry upon all information supplied to it by the Investor, the Custodian, the Company Mentor or any of their respective directors, officers, employees or agents. The Investment Manager may accept as sufficient evidence of any instructions, notice or other communication given to it by the Investor, the Custodian, the Company Mentor or any of their respective directors, officers, employees or agents any document or paper signed or purporting to be signed on behalf of the Investor, the Custodian or the Company Mentor or any of their respective directors, officers, employees or agents by such person or persons whose signature the Investment Manager is for the time being authorised to accept.
- 14.10. The Investor shall indemnify and keep indemnified the Investment Manager and the directors, officers, employees advisers and agents of the Investment Manager from and against any and all liabilities, obligations, losses, damages, suits and expenses (including legal expenses) which may be incurred by or asserted against the Investment Manager in its capacity as Investment Manager of the Fund other than those resulting from the negligence, wilful default or fraud on its or their part and other than expenses incurred by the Investment Manager for which it is responsible hereunder.
- 14.11. In the event of any failure, interruption or delay in the performance of the Investment Manager's obligations resulting from acts, events or circumstances not reasonably within the Investment Manager's control (including, but not limited to: acts or regulations of any governmental or supranational bodies or authorities; breakdown, failure or malfunction of any telecommunications or computer service or services; and acts of war, terrorism or civil unrest) the Investment Manager shall not be liable to the Investor for consequential loss in the value of, or failure to perform investment transactions or the account of, the Fund.

14.12. Nothing in this Agreement shall exclude or restrict any duty or liability to the Investor which the Investment Manager may have under the FCA Rules.

15. TERMINATION

15.1. The Investment Manager shall notify the Investor of the date on which the Fund will terminate. For the avoidance of doubt, this date will be determined by the Investment Manager. This date is expected to be up to six years after the Closing Date of the Fund (subject that the Investment Manager reserves the right to terminate the Fund before this date and individual Investments are anticipated to be realised between three and six years after each Investment). On termination of the Fund, all the shares in the Investor's Fund shall be transferred into the Investor's name or as the Investor shall otherwise direct.

15.2. The Investor is entitled to withdraw his Investments to the extent those Investments comprise:

15.2.1. Relevant Shares which are admitted to official listing in an EEA state or to dealings on a recognised investment exchange, at any time after the fifth anniversary of the date the Relevant Shares were issued;

15.2.2. other Relevant Shares, at any time after the seventh anniversary of the date of the Relevant Shares were issued;

15.2.3. shares other than Relevant Shares, at any time after the end of the period of 6 months beginning with the date those Relevant Shares ceased to be Relevant Shares (and the Investor will be notified in writing as soon as reasonably practicable after any shares comprised the Investor's Investment cease to be Relevant Shares); and

15.2.4. cash, at any time.

The Investment Manager will have a lien on all assets being withdrawn or distributed by the Investor and shall be entitled to dispose of some or all of the same and apply the proceeds in discharging any liability of the Investor to the Investment Manager in respect of damages or accrued but unpaid fees. The balance of any sale proceeds and control of any remaining investments will then be passed to the Investor. This Agreement shall terminate upon the completion of the withdrawal from the Fund of all Shares and cash which the Investor is entitled to receive under this Clause 15.2.

15.3. If the Investment Manager does not give the Investor at least three months' written notice of its intention to end its role as Investment Manager under this Agreement or the Investment Manager becomes insolvent or the Investment Manager ceases to be suitably authorised by the FCA, the Investment Manager shall endeavour to make arrangements to transfer the Fund to another fund manager in which case that manager will assume the role of the Investment Manager under this Agreement, failing which the Agreement will terminate immediately and, subject to Clause 16, the Investments in the Investor's Fund will be transferred into the Investor's name or as the Investor may otherwise direct.

15.4. If the Investor has been categorised as an elective Professional Client for the purposes of the FCA Rules, the Investor shall notify the Investment Manager as soon as practicable in the event that the Investor is no longer to be categorised as an elective Professional Client by the Investment Manager for the purposes of the provision of the services under this Agreement or the Investor no longer has the expertise, experience and knowledge to make their own investment decisions and to understand the risks involved in relation to the Fund whereupon the Investment Manager shall be entitled to terminate this Agreement.

16. CONSEQUENCES OF TERMINATION

- 16.1. Pursuant to Clause 15 the Investment Manager will use reasonable endeavours to complete all transactions in progress at termination expeditiously on the basis set out in this Agreement.
- 16.2. Termination of this Agreement will not affect any right intended to survive termination and will be without penalty or other additional payments save that the Investor will pay fees, expenses and costs properly incurred by the Investment Manager and the Custodian up to and including the date of termination and payable under the terms of this Agreement.
- 16.3. On termination, the Investment Manager may retain and/or realise Investments as may be required to settle transactions already instigated and to pay the Investor's outstanding liabilities, including fees, costs and expenses payable under Clause 13 of this Agreement.

17. RISK WARNINGS AND FURTHER DISCLOSURES

- 17.1. The Investor's attention is drawn to the risk factors set out in this Information Memorandum.
- 17.2. The Investment Manager will not borrow money on behalf of the Investor, nor lend securities or enter into stock lending or similar transactions. For clarity, the Investee Companies may borrow money or enter into similar transactions.
- 17.3. The Investment Manager cannot require Investors to add further monies to the Fund following the Subscription.

18. CONFLICTS OF INTEREST

- 18.1. The Services of the Investment Manager hereunder are not to be deemed exclusive. The Investor acknowledges that the Investment Manager and its members, officers, employees or persons connected with the Investment Manager will from time to time act as director, investment manager, manager, investment adviser or dealer in relation to, or be otherwise involved in, investments and investment funds. Members, officers, employees or persons connected with the Investment Manager may personally make subscriptions to the Fund. In respect of such positions, the Investment Manager may have similar or different objectives to that of the Investor. It is therefore possible that any of them may, in the course of business, have potential conflicts of interest with the Investor. The Investment Manager will, at all times, have regard in such event to its obligations to the Investor and will endeavour to ensure that such conflicts are resolved fairly.
- 18.2. For the avoidance of doubt, under the circumstances set out in Clause 18.1, the Investment Manager shall not be required to account for any profits earned in connection therewith.
- 18.3. In accordance with the FCA Rules, the Investment Manager has in place a policy to manage conflicts of interest (the "Conflicts Policy") which sets out how it identifies and manages conflicts of interest. A summary of this policy is set out at Schedule 2.

19. COMPLAINTS

The Investment Manager has in operation a written procedure in accordance with the FCA Rules for the effective consideration and proper handling of complaints from customers. Details of this procedure are available from the Investment Manager on request. Should the Investor have a complaint, they should contact the Investment Manager. If the Investment Manager is unable to

resolve the complaint to the Investor's satisfaction, the Investor may be entitled to refer the complaint to the Financial Ombudsman authority.

20. COMPENSATION

Claims against the Investment Manager may be covered by the Financial Services Compensation Scheme (FSCS). Further information about the circumstances in which the FSCS cover is available can be found on the FSCS website at www.fscs.org.uk.

21. APPLICABLE LAWS

All transactions in Investments shall be subject to any applicable law, rules or regulations. If there is any conflict between this Agreement and any such rules, customs or applicable law, the latter shall prevail.

22. CONFIDENTIALITY

22.1. The Investment Manager is not obliged to disclose to the Investor or, in making any decision or taking any step in connection with the investment management of the Fund, to take into consideration information either:

22.1.1. the disclosure of which by it to the Investor would or might be a breach of duty or confidence to any other person; or

22.1.2. which came to the notice of an employee, officer or agent of the Investment Manager, but does not come to the actual notice of the individual making the decision or taking the step in question.

22.2. The Investment Manager and the Investor shall at all times respect and protect the confidentiality of information acquired in consequence of this Agreement except pursuant to any right or obligation to or by which the Investment Manager or the Investor may be entitled or bound to disclose information under compulsion of law or pursuant to the requirements of competent regulatory authorities including, without limitation, the FCA.

22.3. Nothing in this Clause 22 shall prevent:

22.3.1. the disclosure of information by any party to its auditors, legal or other professional advisers in the proper performance of their duties;

22.3.2. the disclosure by any party of information which has come into the public domain other than through its fault or the fault of any person to whom the information has been disclosed; or

22.3.3. the disclosure of information that is authorised to be disclosed by the other party.

22.4. The Parties shall use all reasonable endeavours to prevent any breach of confidentiality under Clause 22.

23. NOTICES, INSTRUCTIONS AND COMMUNICATIONS

23.1. Notices of instructions to the Investment Manager should be in writing and signed by the Investor, except as otherwise specifically indicated.

23.2. The Investment Manager may rely and act on any communication or instruction which purports to have been given by persons authorised to give instructions by the Investor under the Application Form or subsequently notified by the Investor from time to time and, unless that relevant party receives written notice to the contrary, whether or not the authority of such person

shall have been terminated. Communications shall be sent to the Investor (whether postal or electronic) to the last address notified to the Investment Manager and shall be deemed received by the Investor on the second day after posting or on the day after dispatch in the case of electronic communication.

23.3. Communications by the Investor shall be made in writing in English to the Investment Manager, addressed to "Sapphire Capital Partners LLP," and shall be sent to:

23.3.1. address: 28 Deramore Park, Malone, Belfast BT9 5JU;

23.3.2. e-mail: boyd@sapphirecapitalpartners.co.uk; and

23.3.3. marked for the attention of Boyd Carson.

23.4. Communications sent by the Investor will be deemed received only if actually received by the Investment Manager. The Investment Manager will not be liable for any delay or failure of delivery of any communication sent to the Investor.

24. AMENDMENTS

24.1. The Investment Manager may amend the terms of this Agreement by giving the Investor not less than ten Business Days' written notice where such change reflects changes to market practice, administrative processes, computer systems or other such similar matters associated with managing the Fund.

24.2. The Investment Manager may also amend the terms of this Agreement with immediate effect by giving written notice if such an amendment is required in order to comply with HMRC requirements in order to maintain the SEIS and/or EIS Reliefs or in order to comply with the FCA Rules.

25. DATA PROTECTION

All data which the Investor provides to the Investment Manager shall be processed by the Investment Manager in accordance with the Investment Manager's privacy policy (as available online [here](#) or on request) and the prevailing data protection and privacy laws.

The URL to the Investment Manager's privacy policy is as follows:

<https://www.sapphirecapitalpartners.co.uk/privacy-policy>

25.1. The Investor agrees permits the Investment Manager and the Custodian may pass personal data:

25.1.1. to each other and to other parties insofar as is necessary in order for them to provide their Services as set out in this Agreement;

25.1.2. to the FCA and any regulatory authority which regulates them;

25.1.3. to High Growth Robotics Limited or Investee Companies; and

25.1.4. in accordance with all other Applicable Laws.

26. ENTIRE AGREEMENT

This Agreement, together with the Application Form constitutes the entire agreement between the parties relating to its subject matter and supersedes and extinguishes any prior drafts,

agreements, undertakings, representations, warranties and arrangements of any nature, whether in writing or oral, relating to such subject matter.

27. SEVERABILITY

If any term of this Agreement shall be held to be illegal, void, invalid or unenforceable to any extent, such term, shall not affect the legality, validity and enforceability of the remainder of this Agreement.

28. CONTRACTS (RIGHTS OF THIRD PARTIES) ACT 1999

No person who is not a party to this Agreement shall have any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Agreement but this does not affect any right or remedy of a third party which exists or is available apart from that Act.

29. GOVERNING LAW AND JURISDICTION

29.1. This Agreement is governed by and shall be construed exclusively in accordance with English law.

29.2. In relation to any legal action or proceedings (whether in contract or in tort) arising out of or in connection with this Agreement, each of the parties irrevocably submits to the exclusive jurisdiction of the English courts.

SCHEDULE 1:

FUND MANAGEMENT POLICY

- 1) The Investment Manager shall authorise investment in Qualifying Companies in line with the Investment Objectives and Investment Restrictions of the Fund as set out in this Information Memorandum,
- 2) The Investment Manager understands that new shares in Investee Companies should be held for no less than the SEIS and/or EIS Three Year Period to obtain the benefits of the SEIS and/or EIS.
- 3) The Investment Manager may consider exiting an investment before the expiration of the SEIS and/or EIS Three Year Period if the growth of an investment has outperformed the market and covers any loss of tax benefit. The Investment Manager may also exit an investment if an Investee Company is the subject of a trade sale.
- 4) After the expiration of the SEIS and/or EIS Three Year Period, the Investment Manager will review opportunities for exiting an investment as they arise.

SCHEDULE 2:

POLICIES TO GOVERN CONFLICTS OF INTEREST

As required by the FCA rules the Investment Manager has a policy to identify, prevent or manage effectively any conflicts of interest that may occur from its business. The Investment Manager considers:

- the conflicts that may arise between its own interests or those of persons linked to it such as employees and those of clients.
- between different clients such as different funds it manages.

This consideration extends to reviewing potential gains and incentives. A log of what types of conflicts may arise is kept and actively monitored.

The Investment Manager revises the policy on an at least annual basis, and additionally undertakes ongoing monitoring of compliance with the policy.

SCHEDULE 3:

EXECUTION POLICY

- 1.** When executing orders on behalf of Investors, the Investment Manager is required to take all sufficient steps to obtain the best possible outcome. It is a requirement of the FCA that certain execution factors are taken into account including; price; costs; speed; likelihood of execution and settlement; size and nature of the order or any other consideration relevant to the execution of the order. The Investment Manager may give speed, likelihood of execution and settlement, the size and nature of the order, market impact and any other implicit transaction costs precedence over the immediate price and cost consideration only insofar as they are instrumental in delivering the best possible result in terms of the total consideration to the Investor.
- 2.** The Investment Manager will use its commercial judgement and experience to determine the relative importance of the execution factors. In making such a determination the Investment Manager will consider the market information available and also take into account the execution criteria. The Investment Manager must take into account the following execution criteria for determining the relative importance of the execution factors: the characteristics of the client; the characteristics of the order; the characteristics of financial instruments that are the subject of that order and the characteristics of the execution venues to which that order can be directed.
- 3.** The range of activities presently undertaken by the Investment Manager does not include placing orders with brokers or dealers. If the Investment Manager places orders with brokers or dealers for execution the Investment Manager will satisfy itself that the broker or dealer has arrangements set up to enable the Investment Manager to act in accordance with its best execution obligations to its clients. Specific arrangements will be set up in order that brokers will confirm that they will treat the Investment Manager as a Professional Client and will therefore be required to provide best execution.

APPENDIX 2: COPY OF COBS 4.7.9R AND 4.7.10R

1. COBS Rule 4.7.9R states:

"A certified high net worth investor, a certified sophisticated investor or a self-certified sophisticated investor is an individual who has signed, within the period of twelve months ending with the day on which the communication is made, a statement in the terms set out in the applicable rule listed below, substituting "non-readily realisable securities" for "non-mainstream pooled investments":

(1) certified high net worth investor: COBS 4.12.6 R;

(2) certified sophisticated investor: COBS 4.12.7 R;

(3) self-certified sophisticated investor: COBS 4.12.8 R.

2. COBS Rule 4.7.10R states:

A certified restricted investor is an individual who has signed, within the period of twelve months ending with the day on which the communication is made, a statement in the following terms:

"RESTRICTED INVESTOR STATEMENT

I make this statement so that I can receive promotional communications relating to non-readily realisable securities as a restricted investor. I declare that I qualify as a restricted investor because:

(a) in the twelve months preceding the date below, I have not invested more than 10% of my net assets in non-readily realisable securities;

and

(b) I undertake that in the twelve months following the date below, I will not invest more than 10% of my net assets in non-readily realisable securities.

Net assets for these purposes do not include:

(a) the property which is my primary residence or any money raised through a loan secured on that property;

(b) any rights of mine under a qualifying contract of insurance; or

(c) any benefits (in the form of pensions or otherwise) which are payable on the termination of my service or on my death or retirement and to which I am (or my dependants are), or may be entitled; or

(d) any withdrawals from my pension savings (except where the withdrawals are used directly for income in retirement).

I accept that the investments to which the promotions will relate may expose me to a significant risk of losing all of the money or other property invested. I am aware that it is open to me to seek advice from an authorised person who specialises in advising on non-readily realisable securities.
