## Kuber Investment Strategies

The Kuber Investment Strategies are groups of portfolios or funds with similar characteristics. The strategies are constructed from information provided by the fund or portfolio managers and are designed to facilitate diversification. Kuber Ventures is neither endorsing nor providing and advice relating to the application of these strategies.

Please note that fund choices available through Kuber change from time to time and you should ensure you are working with the most up to date version of this document by checking the document library a [www.kuberventures.com](http://www.kuberventures.com).
