Investment Objective

The British Robotics Sidecar Fund's investment objective is to invest in and provide support for UK based robotic start-ups. Capable, self-operating machines are increasingly becoming available to help people reduce time spent completing tedious, repetitive tasks.

The promise of robotisation within many areas of life suggests that robots may result in a new industrial revolution that potentially will spur on the global economy over future years. Consequently, robotics potentially represents one of today's most exciting investment themes. Over the next five years, the robotics market is forecasted to record compound annual growth rates in excess of 45% with the global market to exceed \$200 billion by 2021.

The focus of the Fund is to deliver superior returns to Investors by making targeted investments in promising UK-based robotics and artificial intelligence businesses. The Fund seeks to invest between £25,000 and £150,000 in each Investee Company.

Exit Strategy

The exit strategy of the Fund will be to realise individual investments following the SEIS and / or EIS Three Year Period either via a secondary share sale (to another fund), or trade sale, or IPO. In practice this period could be longer, and since the Fund has an anticipated life of six years Investors may be unable to achieve a return on investments made for their account before that time.

The Investment Manager may consider exiting an investment before the expiration of the SEIS and / or EIS Three Year Period if the growth of an investment has outperformed the market and covers any loss of tax benefit. The Investment Manager may also exit an investment if an Investee Company is the subject of a trade sale.

Exit History

N/A as no investments have exited yet.

Fees

Fee type	Fees charged to Investor (including VAT)	Fees charged to Investee Companies (including VAT)
Initial fee	n/a	< 3.90%
Annual management fee	n/a	£12,000 (unless otherwise agreed)
Performance fee	25%*	n/a
Other fee information	n/a	n/a

*Performance Fee

Performance fee charged at 25% on the amount of the increase over and above £1.00 (based on a £1.00 investment) received by investors.

It is noted that the 25% will be split 17.5% to High Growth Robotics Limited and 7.5% to Sapphire Capital Partners LLP.

To the extent that the performance fee is not paid by the Investee Companies, Investors shall be liable for their share of such fee and the Custodian

may be instructed by the Investment Manager to transfer cash in an Investor's Portfolio to the Investment Manager and the Company Mentor to satisfy any outstanding performance fee.

Kuber Special Arrangements

Kuber receives a fundraising fee of 2% from the Manager. Kuber will return this fee to Investors by applying it to their Subscription amount thereby increasing their Investment.
