Kuber Recommendation Service

A Whole of Market offering with market leading Due Diligence, Monitoring and Ease of Application

The Kuber Recommendation Service ("KRS") aims to be the tax efficient market's "best advice" service for Advisers, and their clients by extension. It looks at best principals for every element of the tax efficient investment process from due diligence, product selection, suitability letters, application, co-ordinating certificates through to ongoing monitoring, reporting and finally exit and re-investment as required.
